Code of Student Conduct Manual

As a new school year begins, you send your child to school with the expectation that they always do their best both academically and behaviorally. To assist both you and your child, we have put in writing our expectations for all students, the procedure the staff is to follow, as well as possible consequences.

Your child's homeroom teacher has discussed and explained this handbook with the class. The students were given the opportunity to ask questions and have points clarified. It is very important for children to understand that good behavior at school, home, or wherever they might be is expected. It's not a situation of whether they want to behave or not. Appropriate behavior is expected!

We ask that you review the Code of Student Conduct Manual with your child. It can be accessed online on the website, or parents can call and request a paper copy.

August 2024,

I am excited to welcome everyone to the 2024-2025 school year, here in the Corry Area School District. It is my pleasure to be able to continue serving the families of students in grades PreK-5. Please know our focus will continue to be about increased student achievement and growing each child to his or her maximum potential. With the School Board, Central Office, Administration, Faculty, Staff, and you, the Parent/Guardian, I am confident that will occur.

There are a few items I'd like to share with you as the first student day (August 28th) draws near. By now, you should have received a letter from your building principal indicating your child's homeroom teacher. If you have not, please reach out to your respective building. As we have all experienced over the past several years, change is inevitable and change is constant. We appreciate your flexibility in meeting the demands of change and welcome your input on how best to address it.

Finally, I want to introduce you to those charged with leading each elementary building. Mrs. Teresa Pearce will again be the principal at CAPS, and Mr. Jordan Lander will serve as the Assistant Principal at CAPS and CAIS. Mrs. Melissa Nuhfer will continue serving CAIS as building principal. This particular team has many years of educational experience and certainly has your child's best interests in mind. I am extremely proud of the consistency we have been able to provide our students and families.

Throughout the year, there will be several opportunities to become involved in the life of both elementary schools. It is my goal to assist in creating a culture your child will thrive in and one, you, as the parent/guardian, will be proud of. If at any time you have questions or concerns, please feel free to contact me at 814-664-4677 ext. 1 or ddaum@corrysd.net.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Daniel L. Daum'.

School-Wide Positive Behavior Intervention and Support

The Corry Area Primary and Intermediate Schools are implementing a behavior initiative called School-Wide Positive Behavior Intervention and Support (SWPBIS). SWPBIS is a research and systems-based, proactive approach to teach, monitor, and support appropriate school behavior for students. SWPBIS emphasizes a positive school climate for achieving important social and learning outcomes for students.

The SWPBIS expectations at the Corry Area Elementary Schools are: Be Respectful, Be Responsible, and Be Safe. The abbreviated form is "Be x 3!" A "SWPBIS Behavior Matrix" clearly identifies student behavior expectations in school-wide locations. Listed on the Best Beaver Behavior Matrix are the SWPBIS behavior expectations at Corry Area Elementary Schools categorized by location.

This matrix organizes expectations for different areas of the school into three categories: Respectful, Responsible, and Safe. Each area has specific behaviors outlined for each category to ensure clarity and consistency.

Breakfast and Lunch

The Corry Area School District offers students a nutritional breakfast and lunch each day of school. All elementary students in grades Pre-K to 5 will receive free breakfast and lunch during the 2024-2025 school year. However, you will have the option of packing lunch for your child if you choose.

Student Rights and Responsibilities

All students, parents/guardians, staff, and the community have a civic duty to promote school safety. Any knowledge of a pending threat of school-related violence or crime should be reported immediately to school officials or a responsible adult.

It shall be the responsibility of the student to: **CASD Policy 235**

1. Be aware of all policies, rules and regulations for student behavior and conduct him/herself accordingly. Each student shall assume that, until a rule is waived, altered or repealed in writing, it is in effect.
2. Volunteer information in matters relating to the health, safety and welfare of the school community and the protection of school property.
3. Dress and groom to meet standards of safety and health, and not to cause substantial disruption to the educational processes.
4. Assist the school staff in operating a safe school.
5. Comply with federal, state and local laws.
6. Exercise proper care when using district facilities, school supplies and equipment.
7. Attend school daily and be on time to all classes and other school functions.
8. Make up work when absent from school.
9. Pursue and attempt to satisfactorily complete the courses of study prescribed by local school authorities.
10. Report accurately in student media.
11. Not use obscene language in student media or on school property.

Students who abide by and accept accountability for the above responsibilities need not be concerned about detailed procedures for enforcing these policies; however, such procedures can be found within this manual.

We understand that these policies cannot detail every potential problem area; therefore, the administration retains authority to make reasonable disciplinary recommendations, based on individual cases as circumstances may warrant.

Student Insurance/Accidents

Even with the greatest precautions and close supervision, accidents can and do happen at school. You need to be aware of these and be prepared for possible medical expenses that may arise should your child be injured at school.

Medical insurance is the responsibility of you, the parent(s). The District does make medical insurance available to families for their individual purchase. Please visit www.corrysd.net to learn more about coverage and premiums. If this optional coverage is of interest to you, you'll find contact information on our website or you can call your child's school nurse for additional information.

Every accident in the school building, on school grounds, at practice sessions, or any athletic event sponsored by the school must be reported immediately to the person in charge, Administrator, or school nurse. The School District carries supplemental insurance for each student. In order to be eligible for supplementary insurance, the corresponding paperwork must be completed. For information on the paperwork, see the school nurse, the athletic trainer, or any Administrator.

FERPA

Family Educational Rights and Privacy Act (FERPA) is a federal law giving access rights to parents/guardians to their children's educational records. FERPA give the parents the right to inspect all records maintained by the school upon request. This law also limits the access of these records to those in the school who have

"legitimate educational interest."

INSTITUTIONS (PRRIs)**

**Annual Notification of Rights under FERPA for
Elementary and Secondary Schools**

The Family Educational Rights and Privacy Act

(FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are: **1)** The right to inspect and review the student's education records within 45 days of the day the Local Education Agency (LEA) receives a written request for access. The supervisor of student records will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. **2)** The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. The parents or eligible students should write to the supervisor of student records, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the LEA decides not to amend the record as requested by the parent or eligible student, the LEA will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. **3)** The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. The LEA maintains a list of these school officials. Another exception permits the disclosure of LEA educational records without consent to officials of another school in which a student seeks or intends to enroll. It is the policy of the LEA to not release directory information except as specified in the above statements or without providing parents an opportunity to deny such releases. **4)** The right to file a complaint with the U.S. Department of Education concerning alleged failures by the LEA to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

Individuals who choose not to cooperate will be asked to either change or cover up their clothing. Those needing to cover up may use their own clothing, or it will be provided by the office. Clothing that is potentially disruptive to the educational environment, or presents a health or safety hazard, will not be permitted. Students and parents are expected to exercise careful judgment in the selection of appropriate attire for school.

Electronic Devices

The use of personal communication devices by students during the school day, in district buildings, on district property and while students are attending school-sponsored activities is prohibited.

The District shall not be liable for the loss, damage or misuse of any electronic device brought to school by a student.

Violations of this policy by a student shall result in disciplinary action and may result in the confiscation of the electronic device. The confiscated item shall not be returned until a conference has been held with a parent/guardian.

District Snack Policy

The Corry Area School District encourages a "No Edible Birthday Treat" policy. This means that any type of edible treat being sent into school for birthday celebrations is highly discouraged. However, should a food item be sent into school for distribution, **any item that is not individually, commercially wrapped will be held in the school office and sent home with your child at the end of the day.** This policy is in conjunction with the school district's Wellness Policy as well as a proactive approach to reduce incidents of contamination for those children with food allergies.

We will continue to recognize your child's birthday at school in a special way. Please review the list below of alternative Birthday Celebration ideas. Please let us know if you have any additional ideas that we can add to the list. We thank you in advance for your understanding and cooperation in this new policy.

Alternative Birthday Celebration Ideas:

- Parent buys an autograph book and each student and teacher writes something nice about the child
- Lunch with teacher or parent
- Treasure chest full of trinkets for kids to pick
- Birthday child brings in a wrapped gift to share with the class (game/activity). At the end of the school year it can either be donated to the classroom or the birthday child can take it home.
- Gel pens
- Chalk
- Stickers/Tattoos
- Post-it notes
- Pencils
- Play-Doh
- Show & Tell for Birthday Child (share favorite things or baby pictures)

Extra-Curricular Conduct

At all times students should display good behavior. We consider all visitors as welcomed guests and treat them with all the courtesy due friends and guests. As part of that behavior, students will:

- accept all decisions of officials
- not hiss or boo a play or official
- never utter abusive or irritating remarks or gestures
- applaud opponents who make good plays or show good sportsmanship
- seek to win by fair and lawful means according to the rules
- try to win without boasting and lose without excuses

Staff Rights

In the educational process, the teacher fulfills an extremely important role. Therefore, in their efforts to meet their obligations, every teacher has the right to expect all reasonable support from students, parents, administrators and peers.

Staff Responsibilities

It is the responsibility of every staff member to:

- Be aware of student's rights and responsibilities as established in this policy
- Be aware of the disciplinary procedures set forth in this policy.
- Implement this policy in a fair and consistent manner for all students.
- Participate as a member of an educational team of parents, school and student.
- Aid colleagues with disciplinary situations.

Parent Rights

As a parent of a student at the Corry Area School District, you have the right to know the professional qualifications of the classroom teachers who instruct your child. Federal law allows you to ask for certain information about your child's classroom teachers and requires us to give you this information in a timely manner if you ask for it. Specifically, you have the right to ask for the following information about each of your child's classroom teachers:

- Whether the Pennsylvania Department of Education has licensed or qualified the teacher for the grades and subjects he/she teaches
- Whether the Pennsylvania Department of Education has decided that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances

- The teacher's college major, whether the teacher has any advanced degree and, if so, the subject of the degree
- Whether any teacher's aides or similar paraprofessionals provide services and, if they do, their qualifications

If you would like to receive any of this information, please call your building principal. Thank you for your concerns and commitment to your child's education.

CASD Attendance Procedures and Guidelines – CASD POLICY 204

Attendance is the presence of a student on days school is in session. **Absence** is the failure of a student to attend school on those days, half days, and hours school is in session. Attendance shall be required of all students enrolled in the schools during the days and hours that school is in session, except when the absence is "excused" as set forth below.

POLICY STATEMENT: The Board of Directors of the Corry Area School District requires that school-aged students enrolled in the schools of this District attend school regularly in accordance with Pennsylvania law. The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and participation in well-planned instructional activities, under the tutelage of a competent teacher, are vital to this purpose. The Board believes there is an educational nexus between classroom presence and achievement and that class attendance is relevant to the pupils' overall performance, achievement, and academic success. It is the policy of the Board that pupils who are "truant" or have missed class due to unexcused absences shall receive no credit for work or tests missed on the unexcused days, provided, however, the Administration in each building has the discretion to award credit to individual students who are involved in the truancy system and, as a result, have participated in "extra-help" nights at school.

DEFINITIONS:

1. **Citation** shall mean a non-traffic citation or private criminal complaint.
2. **Compulsory school age** shall mean the period of a child's life from the time the child's parents elect to have the child enter school, which shall be no later than six (6) years of age until the child reaches eighteen (18) years of age. The term does not include a child who holds a certificate of graduation from a regularly accredited, licensed, registered, or approved high school. According to the Pennsylvania State Supreme Court in *Commonwealth v. Kerstetter*, 2014 PA LEXIS 1500 (Pa., June 16, 2014), although parents are not required to enroll their child in kindergarten, once the election to enroll a child in school (including kindergarten) is made, the child is subject to the School Code's compulsory attendance requirements.
3. **Court** shall mean a magisterial district court or a court of common pleas.
4. **Excused absence** shall mean an absence from school which is permitted under this Attendance Policy. Excused absences include:
 - **Illness** – If a student is dismissed from school during school hours for health-related reasons by a certified school nurse, registered nurse, licensed practical nurse, or a school administrator or other school official, the student's absence from school shall be deemed excused.
 - If a student is unable to attend school due to illness, the student shall submit to the District a written excuse from either his/her parent or licensed practitioner of the healing arts within three (3) school days after the absence. Failure to submit a written excuse within this time frame shall result in the absence being recorded as unexcused.
 - If a student accumulates more than ten (10) absences due to illness during one school year, the school administration shall require the student to provide a medical statement or excuse from a licensed practitioner of the healing arts for every subsequent absence due to illness. Failure to provide the requested medical excuse shall result in such absence being classified as unexcused. The District will send a notification to the parent/guardian/person in parental relation notifying the family of the future

implementation of the "10-day rule" once a student has accumulated ten (10) absences due to illness during the school year.

- **Death in the family**, to allow for the student to attend funeral or burial services.
 - **Religious holidays and religious instruction** (with religious instruction limited to a total of not more than 36 hours per school year).
 - **Emergency** – School administrators will determine whether a specific circumstance qualifies as an "emergency" on a case-by-case basis.
 - **Delay or absence of school bus.**
 - **Educational tour/trip/high school shadow.**
 - **Family trips** – Special permission is required for students to take family trips during the school year. Parents are strongly encouraged NOT to take family educational trips during the scheduled school year. However, if an educational trip must be scheduled during the school year, a form must be obtained from the school office and completed a week prior to the trip. Please understand that trips are limited to a total of five (5) school days. The Administration will review the trip and take into consideration the following when determining if the trip is approved:
 - The student must have been absent less than five (5) days in the school year, excluding medical; be passing all of their courses; and have less than five (5) days of ISS and/or OSS.
 - Missed assignments must be completed within five (5) days of returning.
 - Trips will not be approved during the scheduled State assessments (PSSA and Keystone) and during the last ten (10) days of school.
 - Any work that is not made up will result in a score of zero by the teacher.
 - Family trips that are not preapproved by the Administration shall result in the student's absence being recorded as unexcused.
 -
 - **Court appearance.**
 - **Dental, medical, and therapy appointments** – Students who need to leave school for the purpose of obtaining professional health care, dental care, or therapy service rendered by licensed practitioners shall submit a note from the parent and/or an appointment card from the doctor/dentist/therapist to the school office prior to the appointment.

Students/parents/guardians are asked to schedule medical appointments after school as much as possible. The student must obtain written proof from the doctor/dentist that he/she appeared at the appointment, which must be returned to the Attendance Office upon the student's return to school, or the absence from school will be considered unexcused. Students must come to school prior to and return to school after their scheduled appointment. Leaving unreasonably early or returning unreasonably late from these appointments will be considered unexcused absences from school.
 - **Weather emergency** – If the Superintendent orders the schools closed, parents are not required to send a written excuse for their child's absence on that day. If the Superintendent makes a public announcement that parents may use their discretion whether to send their child to school, parents/guardians may make the determination whether to have their child attend school. If the child misses school on an official "parent/guardian discretion day," the parent/guardian must send a written excuse regarding that weather-related absence with their child upon the child's return to school. Failure to send a written excuse in these circumstances will result in the absence recorded as unexcused.
 - **Pennsylvania Agricultural Fair Act trips** – As required by Section 1329(b) of the Pennsylvania Public School Code, students may be excused for participation in a project sponsored by an organization that is eligible to apply for a grant under the Pennsylvania Agricultural Fair Act, 3 P.S. §1505.
 - **College visitation with documentation.**
5. **Habitually truant** shall mean six (6) or more school days of unexcused absences during the current school year by a student who is of compulsory school age.

6. **Offense** shall mean each citation filed by the District with the Court for a violation of the requirement for compulsory school attendance requirements regardless of the number of unexcused absences alleged in the citation.
7. **Person in parental relation** shall mean:
 - Custodial biological or adoptive parent.
 - Noncustodial biological or adoptive parent.
 - Guardian of the person of a child.
 - Person with whom a child lives and who is acting in a parental role of a child. This definition shall not include any county agency or person acting as an agent of the county agency in the jurisdiction of a dependent child defined under 42 Pa.C.S. § 6302.
8. **School** shall mean the educational entity in which the child is enrolled.
9. **School attendance improvement conference** shall mean a conference where the child's absences and reasons for the absences are examined in an effort to improve attendance, with or without additional services. A **School Attendance Improvement Plan** will be drafted at this conference. The following individuals shall be invited to the school attendance improvement conference:
 - The child.
 - The child's person in parental relation.
 - Other individuals identified by the person in parental relation who may be a resource.
 - Appropriate school personnel.
 - Recommended service providers.
10. **School attendance improvement plan** shall mean a plan developed during the school attendance improvement conference, the purpose of which will be to identify the factors causing the truant behaviors and strategies which are intended to result in more regular attendance patterns.
11. **School day** shall mean the length of time that a compulsory school-aged child is expected to be receiving instruction during a calendar day. The District has determined one school day is comprised of 330 minutes in grades 7-12 and 300 minutes in grades K-6.
12. **School-based or community-based attendance improvement program** shall mean a program designed to improve school attendance by seeking to identify and address the underlying reasons for a child's absences. The term may include an educational assignment in an alternative education program, provided the program does not include a program for disruptive youth established pursuant to Article XIX-C of the Pennsylvania Public School Code.
13. **Truant** shall mean having incurred three (3) or more school days of unexcused absences during the current school year by a compulsory school-aged child.
14. **Unexcused absence** shall mean an absence from school which does not fall into one of the "excused absence" categories and/or for which a written explanation has not been submitted within the time period and in the manner required by the District in this Attendance Policy. An out-of-school suspension is not considered an unexcused absence. Students will receive no credit for work/assignments/tests which are due or are taken on dates that are unexcused, except when the building administrator grants an exception on a case-by-case basis when a student is involved in the truancy process and has participated in "extra-help" programs at the school. Students who accumulate more than twenty (20) unexcused absences during their senior year may not walk during the graduation ceremony, although the Building Principal may make exceptions on a case-by-case basis when/if the student breaks the pattern of absences and goes a period of time with regular attendance.

EXCUSED ABSENCES:

A student's absence will be considered "excused" only if it falls within one of the categories defined above. The following procedure shall be followed when a student is absent from school:

1. Parents/guardians are requested to call their student's School Attendance Office by 9:00 a.m. on the day their student is absent to report all excused absences or tardies.
2. Within three (3) school days from when a student returns to school after an absence, he/she must present a written excuse from a parent/guardian (or physician) to the school's designated attendance officer.

3. The written excuse shall provide the student's full name, grade, list the dates of absence, and an explanation of the reason(s) for the absence. The parent/guardian must sign and date the written excuse.
4. Upon receipt of the required written excuse in the mandatory time frame, the absence will be recorded as a "legal absence." Building Principals may use discretion to extend the 3-day time frame for submitting excuses for extenuating circumstances on a case-by-case basis, but in no event may a Building Principal accept excuses later than ten (10) calendar days from the date of the student's return from the absence.

The following reasons for absences are NOT legal and shall NOT count as "excused" absences:

- Family vacations
- Personal business (work/hair appointments/shopping)
- Oversleeping
- Missing the bus
- Car problems
- Hunting
- Babysitting siblings or others
- Senior skip day
- General excuses (such as "out of town," "at an appointment," or "family emergency")

Building administrators will contact parents/guardians to gain further explanation of general excuses.

Please note that students who are absent, even with an excuse, may not participate in any type of school activity on the day of their absence.

UNEXCUSED ABSENCES OF COMPULSORY SCHOOL-AGED STUDENTS AND TRUANCY VIOLATIONS:

Repeated unexcused absences or their equivalent (unexcused tardy minutes or unexcused minutes of class cuts) constitute "truancy" and will result in the referral of the student and his/her persons in parental relation to Court for violation of compulsory attendance laws. Compulsory-aged students must comply with the compulsory education/truancy provisions of the Pennsylvania School Code.

The following procedures shall be followed in accordance with mandatory Pennsylvania law:

1. **Truant Students** - When a student acquires three (3) or more days (or their equivalent) of unexcused absences during the current school year, he/she is considered "truant."
 - Within ten (10) school days of the student's third unexcused absence, the District will notify in writing the person in parental relation with the student who resides in the same household as the student of the student's compulsory school attendance violation. This written Truancy Notice shall:
 - Include a description of the consequences that will follow if the student becomes habitually truant (described below); and
 - Schedule a School Attendance Improvement Conference.
 - When the Truancy Notice is transmitted to a person who is not the parent of the student, the Truancy Notice shall also be provided to the student's parent if the parent's mailing address is on file with the District and the parent is not precluded from receiving the information by court order.
2. **The School Attendance Improvement Conference:**
 - Relevant school officials and recommended service providers, the person in parental relation with the student who resides in the same household as the student, the student's parent(s) (if possible), and any other relevant individuals shall meet to discuss the reasons for the student's absences in an effort to improve attendance and to create a written School Attendance Improvement Plan (SAIP).

- The Conference shall occur even if the person in parental relation with the student and/or parents decline to participate or fail to attend the scheduled conference. The District officials present at the conference will proceed to discuss the student's attendance and will draft the SAIP and shall then provide copies of the SAIP to the student, the person in parental relation with the student who resides in the same household as the student, and the student's parent(s) if the parent(s)' mailing address is on file with the District and the District can share the information with the parent(s).
 - Compulsory school attendance/truancy prosecution shall not take place until the Conference takes place and the SAIP is completed.
3. **Habitually Truant Students** - Students are deemed to be "habitually truant" when they have acquired six (6) or more days of unexcused absences in the current school year. The procedures followed depend on whether the student is 14 years and younger or 15 years and older:
- **Procedure for Habitually Truant Students Fourteen Years Old and Younger:**
 - If a student has acquired six (6) or more unexcused absences in the current school year and after the SAIP was completed at the Conference, the District shall:
 - Refer the student to:
 - A school-based or community-based attendance improvement program, or
 - The Erie County Office of Children and Youth (or its child youth services equivalent in other counties) for services or possible disposition as a dependent child under 42 Pa. C.S. Ch. 63 (relating to juvenile matters). When/if the District refers the student to OCY/CYS for this purpose, the District must provide verification to OCY/CYS that the School Attendance Improvement Conference was held.
 - File a citation in the office of the appropriate Judge against the person in parental relation who resides in the same household as the student, provided, however, the Building Administrator may take extenuating circumstances into account and determine not to file a truancy citation on a case-by-case basis.
 - **Procedure for Habitually Truant Students Fifteen (15) Years or Older:**
 - If a student has acquired six (6) or more unexcused absences in the current school year and after the SAIP was completed at the Conference, the District shall:
 - Refer the student to a school-based or community-based attendance improvement program or service, if one is appropriate and available in the opinion of the Building Administrator.
 - File a citation in the office of the appropriate Judge against the child or against the person in parental relation who resides in the same household as the child, provided, however, the Building Administrator may take extenuating circumstances into account and determine not to file a truancy citation on a case-by-case basis.
 - If the Building Administrator does refer the student to a school-based or community-based attendance improvement program and the student either refuses to participate in that program and/or continues to incur additional unexcused absences after the referral, the District may refer the student to the Erie County Office of Children and Youth (or its children and youth services equivalent in other counties) for possible disposition as a dependent child under the provisions of 42 Pa. C.S. Ch. 63. When/if the District refers the student to OCY/CYS for this purpose, the District must provide verification to OCY/CYS that the School Attendance Improvement Conference was held.
4. **Truancy Citations** - When the District files truancy citations regarding a student's habitual truancy, the following shall occur (continued):
- At the truancy hearing (continued):
 - It is an affirmative defense to a truancy citation filed against a person in parental relation who resides in the same household as the student if the person in parental

relation to the student took every reasonable step to ensure attendance of the student at school.

- The District, to the extent possible, shall inform the Judge of any prior conviction of the child or person in parental relation who resides in the same household as the student for a violation of compulsory school attendance laws. The District, student, and person in parental relation will be given an opportunity to present relevant information to the Judge, specifically including the student's attendance after the citation was filed and while the proceeding is pending.
- The Judge will issue a decision on whether the evidence established whether the student or person in parental relation has violated the compulsory school attendance requirements of the School Code.
- **Filing subsequent truancy offenses after the initial truancy hearing:**
 - No citation may be filed against a child or a person in parental relation with the child who resides in the same household as the child for a subsequent violation of compulsory school attendance if any of the following circumstances apply:
 - The initial truancy proceeding is already pending against the student or a person in parental relation with the student who resides in the same household as the student, and judgment in the first proceeding has not yet been entered, unless a warrant has been issued for failure of the student or person in parental relation to appear before the court and the warrant has not yet been served.
 - A referral for services has been made to the Erie County Office of Children and Youth (or CYS), and OCY/CYS has not closed the case.
 - A petition has been filed alleging the child is dependent due to being habitually truant under 42 Pa.C.S. Ch. 63 (relating to juvenile matters) and the case remains under the jurisdiction of the juvenile court.

5. Penalties for Violating Compulsory School Attendance Requirements:

- Both a student or a person in parental relation who resides in the same household as the student may be convicted of a truancy violation. In such cases, the following penalties may be ordered by the Judge:
 - Sentenced to pay a fine for the benefit of the school that is responsible for the truancy proceedings in an amount not exceeding three hundred dollars (\$300) together with court costs, except that, in the case of a second offense, the maximum fine for a person in parental relation may be a higher amount within their ability to pay not exceeding five hundred dollars (\$500) together with court costs and, in the case of a third or subsequent offense, the maximum fine for a person in parental relation may be a higher amount within their ability to pay not exceeding seven hundred and fifty dollars (\$750) together with court costs.
 - Sentenced to perform community service.
 - Required to complete an appropriate course or program designed to improve school attendance which has been approved by the president judge of the judicial district.
- The Judge may suspend the sentence of a person convicted of an offense and may remit or waive fines and costs if the student attends school in accordance with a plan devised by the Judge.
- Upon a second or subsequent conviction of a student or a person in parental relation with the student who resides in the same household as the student for a violation of the requirements of compulsory school attendance in a Court within this Commonwealth within a three-year period, the Court shall refer the child for services or possible disposition as a dependent child under 42 Pa.C.S. Ch. 63.
- Upon failure of a person to satisfy the penalty of a fine imposed by the Court under Paragraph a, above, the person in parental relation may be found in contempt of court and, upon conviction, may be sentenced to the county jail for a period not to exceed three (3) days in any one case. The Court shall make such a determination based on a specific finding that the person in parental relation had reasonable ability to comply with the penalty imposed and that noncompliance was willful. The following shall apply:

- In the case of a student, the failure to satisfy a fine or costs imposed under this section shall not be considered a delinquent act.
- The president judge of a judicial district may adopt a local policy under 42 Pa.C.S. § 6304 (relating to powers and duties of probation officers) and the Pennsylvania Rules of Juvenile Court Procedure to provide that a juvenile probation officer may receive allegations that the student who fails to satisfy a fine or costs imposed under this section is dependent for the purpose of considering the commencement of proceedings under 42 Pa.C.S. Ch. 63.
- If a student is convicted of a violation of the compulsory school attendance requirements, the Court may send the Pennsylvania Department of Transportation a certified record of the conviction on a form prescribed by the Department only if the student fails to comply with a lawful sentence entered for the violation and is not subject to an exception to compulsory attendance pursuant to Section 1330 of the School Code.
 - The Department of Transportation shall suspend for ninety (90) days the operating privilege of a student upon receiving a certified record that the student was convicted of a summary offense under the compulsory school attendance requirements. If the Department of Transportation receives a certified record of a second or subsequent conviction of a student pursuant to this section, the Department shall suspend the student's operating privilege for six (6) months.
 - A student whose record is received by the Department of Transportation as described above and who does not have a driver's license shall be ineligible to apply for a driver's license under 75 Pa.C.S. § 1505 (relating to learners' permits) and § 1507 (relating to application for driver's license or learner's permit by minor) for the time period specified in Paragraph 4(f) above. If the student is under sixteen (16) years of age when convicted, suspension of operating privileges shall commence in accordance with 75 Pa.C.S. § 1541 (relating to period of disqualification, revocation, or suspension of operating privilege) for the time specified in Paragraph 4(f).
 - A student whose driving privileges have been suspended or whose eligibility for a permit or license is delayed under this section may have that license or eligibility restored by providing the Department of Transportation with a form developed by the Department of Transportation containing the following information in the form of a certified record from the student's school that the student:
 - Has attended school for a period of at least two (2) months after the first conviction or four (4) months after the second conviction without an unexcused absence or unexcused tardy;
 - Is subject to an exception to compulsory attendance under Section 1330 of the School Code; or
 - Has graduated, withdrawn from school pursuant to compulsory attendance requirements under Section 1327 of the School Code, has received a general education diploma, or has enlisted in the military.
- **Expungement of Record for Student Under Certain Conditions:** Upon application from a student who has a conviction of a summary offense of compulsory school attendance violations, the Court shall grant an expungement of the conviction from the student's record if all of the following apply:
 - The student has earned a high school diploma, a Commonwealth secondary school diploma, or another Department of Education-approved equivalent, or is subject to an exception to compulsory attendance under Section 1330 of the School Code.
 - The student has satisfied any sentence imposed by the court with respect to the conviction, including payment of fines and costs.
 - If the Court grants an expungement as described under Paragraph 4(i), the Court shall order the Department of Transportation to expunge all administrative records related to the convictions.

UNEXCUSED ABSENCES FOR STUDENTS BEYOND COMPULSORY SCHOOL AGE:

(students 18 years or older): Students who are beyond compulsory school age are not subject to the truancy provisions of the Pennsylvania Public School Code. However, these students are subject to the following rules related to attendance:

1. Students who have missed days of school or specific classes for reasons that are not considered "excused" shall receive no credit for work or tests missed on the unexcused days of classes.
2. Students who accumulate ten (10) unexcused absences during one school year will no longer be eligible to participate in and/or attend all extracurricular activities and clubs, including but not limited to: field trips, participating in all athletics and other extracurricular activities, attending (as a spectator) all athletics and other extracurricular activities, dances, etc. However, after a period of improved attendance, the Building Administrator has the discretion to reinstate a student's privileges to participate in and/or attend extracurricular activities and clubs.

ATTENDANCE FOR STUDENTS ON HOME TUTORING PENDING EXPULSION (continued):

Compulsory school attendance (truancy) rules apply to students on home tutoring. This means a student's failure to participate in three hours of home tutoring without a legitimate excuse for those absences will equate to three days of unexcused absences, triggering the truancy provisions outlined in the Attendance Policy.

LATE ARRIVALS/TARDINESS:

Students arriving after 8:10 a.m. should enter through the front entrance with their parent/guardian and sign in at the office.

1. A late arrival will be considered excused if it is for one of the reasons considered excused in accordance with Board policy, and an excuse from the parent/guardian is presented at the time the student arrives at school.
2. An unexcused tardy will be given to any student arriving late to school without an excuse from the parent/guardian and for any reason other than those considered excused. Chronic unexcused tardies may result in prosecution under compulsory school attendance laws.
3. Three hundred (300) unexcused tardy minutes constitute one illegal day of absence for students (grades Pre-K-5).

Family Educational Trips - Parents are strongly encouraged **NOT** to take family educational trips during regularly scheduled school time. However, if an educational trip must be scheduled when school is in session, the following procedure **must** be followed:

1. Family Educational trips are limited to a maximum of five (5) days per school year.
2. One week prior to the trip, a parent or guardian must complete a Family Educational Trip Request Form and submit it to the building principal for approval.
3. The following criteria must be met to be considered by the building principal when approving/denying a parent or guardian request for a Family Educational Trip
4. Attendance: Student has accumulated five (5) or less days of total absences, excluding medical, for the current school year.
5. Academic: Student has no failing grades at the time of the trip request.
6. Behavior: Student has received five (5) or less total days of suspensions (ISS or OSS) or detentions (ASD) for the school year.
7. Classroom assignments missed during the approved educational trip will be provided to the student upon their return to school. The student will have five (5) calendar days to submit all missed assignments for grading to the appropriate teacher. Should a student fail to submit the assignments to the teachers within this designated time, each assignment will be recorded as a zero by the classroom teacher.

8. If a student is denied approval for the trip, any quiz/test, class work, or homework, missed during his/her absence will be recorded as zeros by the teacher.
9. Requests for Family Educational Trips will not be approved by the building principal during the State Assessment window for those students scheduled to take the State Assessments (PSSAs and keystones).
10. Family trips that are not pre approved by the Administration shall result in the student's absence being recorded as unexcused.

ENROLLMENT OF STUDENTS – CASD POLICY 200

Enrollment Requirements

A school age student shall be entitled to attend the schools of the district of residence.

The district shall normally enroll a school age, eligible student the next business day, but no later than five (5) business days after application.

The district shall not enroll a student until the parent/guardian has supplied all required items as enumerated on the appropriate registration checklist.

The district shall immediately enroll identified homeless students, even if the student or parent/guardian is unable to produce the required documents, in accordance with Board policy, laws and regulations.

The district shall not inquire about the immigration status of a student as part of the enrollment process.

Enrollment requirements and procedures shall apply to nonresident students approved to attend district schools, in accordance with Board policy.

The district shall administer a home language survey to all students enrolling in district schools for the first time.

Children and families with limited English proficiency must be provided translation and interpretation services to the extent needed to help the family understand the enrollment process and to enroll the students in school promptly per the Civil Rights Act of 1964, Title VI, 42 U.S.C. §2000d et seq. and the Equal Education Opportunity Act, 20 U.S.C. §1703.

Personal Hygiene

Personal hygiene is important because it can affect how you feel about yourself and how others feel about you. And your health depends on it! Poor hygiene can cause problems such as: infection and illnesses, loss of teeth and poor self-image. Good hygiene helps prevent problems by: removing dirt and germs, providing nutrients the body needs and keeping your body in top working condition. Good personal hygiene helps you look and feel your best!

Addresses and Phone Numbers

It is important that you complete your child's emergency card within the first few days of the opening of school. Should your address or phone number change, please notify the administration office by calling 664-4677 option 1. Transportation and mailing address changes cannot be made until all required documentation has been provided to the District. It is also necessary on the emergency card to designate other emergency contacts in the event you may not be home should we need to contact you. If you do not have a phone, it is necessary for you to designate an alternate contact and number.

Homework Agendas

Students in grades three through five will receive a "Homework Agenda" in which to record daily and other long-term homework assignments. It is your responsibility to check your child's agenda and have your child complete work regularly. For long term assignment projects, please encourage good planning to meet those

deadlines. The use of the agenda is an expected method of communication between school and home. You are encouraged to review the agenda daily and assist your child with assignments. Initialing the agenda each day lets your child's teacher know you have viewed the assignments and they are complete.

Community Web Portal

Sapphire Community Web Portal offers a comprehensive suite of services and tools for teachers, administrators, students, and families to create a true on-line community. Data is automatically transferred from Sapphire Student Information System into Sapphire Community Web Portal, saving valuable time and resources. The entire school community has access to clubs, calendars, e-mail, and message centers while allowing parents to view their child's academic folders. Access to the site requires a log-in PIN assigned by the system and a password chosen by the user. All pin numbers and passwords remain safe. Additional information will be shared with parents at Meet the Teacher.

DISCRIMINATION/TITLE IX SEXUAL HARASSMENT AFFECTING STUDENTS – CASD POLICY 103

Authority

The Board declares it to be the policy of this district to provide an equal opportunity for all students to achieve their maximum potential through the programs and activities offered in the schools without discrimination on the basis of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability.

The Board also declares it to be the policy of this district to comply with federal law and regulations under Title IX prohibiting sexual harassment, which is a form of unlawful discrimination on the basis of sex. Such discrimination shall be referred to throughout this policy as **Title IX sexual harassment**. Inquiries regarding the application of Title IX to the district may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The district is committed to the maintenance of a safe, positive learning environment for all students that is free from discrimination by providing all students course offerings, counseling, assistance, services, employment, athletics, and extracurricular activities without any form of discrimination, including Title IX sexual harassment. Discrimination is inconsistent with the rights of students and the educational and programmatic goals of the district and is prohibited at or, in the course of, district-sponsored programs or activities, including transportation to or from school or school-sponsored activities.

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures. This policy prohibits individuals from knowingly making false statements or knowingly submitting false information during the Title IX grievance process outlined in Attachment 3 and during other grievance processes established by Board policy and procedures and/or the Student Code of Conduct. A violation of this prohibition by district students may lead to discipline, up to and including referral for expulsion.

The Board directs that the foregoing statement of Board policy be included in each student and staff handbook, and that this policy and related attachments be posted to the district's website.

The Board requires a notice stating that the district does not discriminate in any manner, including Title IX sexual harassment, in any district education program or activity, to be issued to all students, parents/guardians, employment applicants, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district. All discrimination notices and information shall include the title, office address, telephone number, and email address of the individual(s) designated as the Compliance Officer and Title IX Coordinator.

This Policy 103 references two documents, entitled "103 Attachment 2, Discrimination Complaint Procedures," and "Attachment 3, Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints." The

Board intends these two attachments to be substantive components of this Policy and incorporates them by reference into this Policy as if fully set forth herein.

Reports of Title IX Sexual Harassment and Other Discrimination and Retaliation

1. The Board encourages students and third parties who believe they or others have been subject to Title IX sexual harassment, other discrimination, or retaliation to promptly report such incidents to the building principal or the Title IX Coordinator, even if some elements of the related incident took place or originated away from school grounds, school activities, or school conveyances. A person who is not an intended victim or target of discrimination but is adversely affected by the offensive conduct may file a report of discrimination.
2. The student's parents/guardian or any other person with knowledge of conduct that may violate this policy is encouraged to immediately report the matter to the building principal or the Title IX Coordinator.
3. A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal or the Title IX Coordinator, as well as properly making any mandatory police or child protective services reports required by law.
4. If the building principal is the subject of a complaint, the student, third party, or a reporting employee shall report the incident directly to the Title IX Coordinator.
5. The complainant or the individual making the report may use the **Discrimination/Sexual Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form** attached to this policy for purposes of reporting an incident or incidents in writing; however, verbal reports of an incident or incidents shall be accepted, documented, and the procedures of this policy and the relevant attachments followed.
6. The building principal (or any other employee of the district who received the report) shall promptly notify the Title IX Coordinator of all reports of discrimination, Title IX sexual harassment, or retaliation. The Title IX Coordinator shall promptly contact the complainant and, if deemed necessary, the reporter if not the complainant, regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures for the complainant. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.
7. The Title IX Coordinator shall conduct an assessment of the information supplied by the reporter and/or complainant to determine whether the reported circumstances, if presumed to be true, could constitute Title IX sexual harassment or retaliation.
 - If they do not, they may be addressed through the Discrimination Complaint Procedures prescribed in Attachment 2 to this policy.
 - If the reported circumstances, if presumed to be true at this point in the process, meet the definition of Title IX sexual harassment, they shall be addressed through the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints in Attachment 3.
 - If the reported circumstances, presumed to be true, do not constitute either Title IX sexual harassment or retaliation nor conduct otherwise prohibited in this Policy 103 and Attachment 2, the Title IX Coordinator shall refer the report for follow-up under any other applicable Board policies and/or the Student Code of Conduct.

Disciplinary Procedures When Reports Allege Title IX Sexual Harassment

1. When a report alleges Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints outlined in Attachment 3. The district shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.
2. If possible, the district will refrain from pursuing disciplinary action pursuant to the Student Code of Conduct until such time as the Title IX grievance process has concluded. This means suspensions and expulsion referrals may be temporarily postponed until the conclusion of the Title IX grievance process when/if the district, in consultation with the Title IX Coordinator, determines that supportive measures

and other non-punitive actions agreed to by the parties (e.g., complainant and respondent voluntarily agree to stay away from each other; respondent voluntarily participates in the school district's online/virtual education program or other alternative setting during the grievance process, etc.) result in there being no immediate threat to the physical health or safety of any student or other individual arising from the allegations during the grievance process period.

3. The respondent shall be provided with notice and provided an opportunity for due process, in accordance with law, regulations, and Board policy. When expulsion is necessary because continuation of educational services is not feasible, the district shall proceed accordingly. If, however, the district, in consultation with the Title IX Coordinator, after having taken an initial individualized safety and risk analysis, believes the respondent must be removed from the district's education program or activity on an emergency basis during the Title IX grievance process in order to address an immediate threat to the physical health or safety of an individual, the process outlined in detail in Attachment 3 shall be followed.
4. When an emergency removal is not required, disciplinary sanctions shall be considered in the course of the Title IX grievance process for formal complaints. Following the issuance of the written determination and any applicable appeal, any disciplinary action specified in the written determination or appeal decision shall be implemented in accordance with the normal procedures for suspensions, expulsions, or other disciplinary actions, including specific provisions to address a student with a disability where applicable.

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a report, and the investigation related to any form of discrimination or retaliation, including Title IX sexual harassment, shall be handled in accordance with applicable law, regulations, this policy, the attachments, and the district's legal and investigative obligations.

Retaliation

1. The Board prohibits retaliation by the district or any other person against any person for:
 - Reporting or making a formal complaint of any form of discrimination or retaliation, including Title IX sexual harassment.
 - Testifying, assisting, participating, or refusing to participate in a related investigation, process, or other proceeding or hearing.
 - Acting in opposition to practices the person reasonably believes to be discriminatory.
2. The district, its employees, and others are prohibited from intimidating, threatening, coercing, or discriminating against anyone for actions described above. Individuals are encouraged to contact the Title IX Coordinator immediately if retaliation is believed to have occurred.

Definitions

1. **Complainant** shall mean an individual who is alleged to be the victim.
2. **Respondent** shall mean an individual alleged to be the perpetrator of the discriminatory conduct.
3. **Discrimination** shall mean to treat individuals differently or to harass or victimize based on a protected classification, including but not necessarily limited to race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability.

2. A reasonable person in the complainant's position would find that it creates an intimidating, threatening, or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities, or opportunities offered by a school.

Definitions Related to Title IX Sexual Harassment

1. **Formal complaint** shall mean a document filed by a complainant or signed by the Title IX Coordinator alleging Title IX sexual harassment and requesting that the district investigate the allegation under the grievance process for formal complaints. The authority for the Title IX Coordinator to sign a formal complaint does not make the Title IX Coordinator a party in the grievance process for formal complaints. The phrase "document filed by a complainant" refers to a document or electronic submission that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint.
2. **Supportive measures** shall mean non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed.
 - Supportive measures shall be designed to restore or preserve equal access to the educational program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the educational environment, or to deter sexual harassment.
 - Supportive measures may include, but are not limited to:
 - Counseling.
 - Extensions of deadlines or other course-related adjustments.
 - Modifications of work or class schedules.
 - Campus escort services.
 - Mutual restrictions on contact between the parties.
 - Changes in work or housing locations.
 - Leaves of absence.
 - Increased security.
 - Monitoring of certain areas of the campus.
 - Assistance from domestic violence or rape crisis programs.
 - Assistance from community health resources, including counseling resources.
 - Supportive measures may also include assessments or evaluations to determine eligibility for special education or related services, or the need to review an Individualized Education Program (IEP) or Section 504 Service Agreement based on a student's behavior. This could include, but is not limited to, a manifestation determination or functional behavioral assessment (FBA), in accordance with applicable law, regulations, or Board policy.
3. **Title IX sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:
 - A district employee conditioning the provision of an aid, benefit, or district service on an individual's participation in unwelcome sexual conduct, commonly referred to as quid pro quo sexual harassment.
 - Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to a district education program or activity.
 - Sexual assault, dating violence, domestic violence, or stalking.
 - **Dating violence** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:
 1. Length of relationship.
 2. Type of relationship.
 3. Frequency of interaction between the persons involved in the relationship.

- **Domestic violence** includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
- **Sexual assault** means a sexual offense under state or federal law that is classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
- **Stalking**, under Title IX, means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means to engage in a course of conduct directed at a specific person that would cause a reasonable person to either:
 1. Fear for their safety or the safety of others.
 2. Suffer substantial emotional distress.
- Such conduct must have taken place during a district education program or activity and against a person in the United States to qualify as sexual harassment under Title IX. An education program or activity includes the locations, events, or circumstances over which the district exercises substantial control over both the respondent and the context in which the harassment occurs. Title IX applies to all of a district's education programs or activities, whether such programs or activities occur on-campus or off-campus.

In-School Activities

When parents do not wish to allow their child(ren) to participate in certain activities, a timely notice is required. Other provisions will be made for the child(ren) during this time.

Throughout the school year, we may bus your child to the Corry Area Middle High School, Corry Area Primary School or Corry Area Intermediate School for special programs/events. Please be sure to check your school's calendar for the most up-to-date information. A permission slip will not be sent home prior for these types of events.

Lunch

Each school has a scheduled lunch period.

Every effort is made to provide a wholesome lunch to all elementary children. If you choose to pack your child's lunch, please be certain it is a healthy one.

All students are expected to eat either a school provided lunch or a packed lunch unless other arrangements are made and parent permission given.

A safe and orderly climate in the cafeteria will be maintained if the following guidelines are followed:

- Students are to take their turn in the cafeteria line. Be courteous and polite to each other as well as to the cafeteria staff. "Line-hopping" is prohibited.
- Students need to use care in getting food to the table. If anything is dropped, please pick it up.
- Remain in the same seat for the lunch period.
- Near the end of the lunch period you will be asked to clear the area surrounding the table where you have been seated. A request to pick up paper or crumbs is not an accusation that you are responsible. It is a request to assist in keeping the school neat and clean.
- Students are not to congregate at the cafeteria doors at the end of lunch periods.
- Any disorderly conduct, which includes but is not limited to, throwing food or paper products will result in disciplinary action in accordance with District policy including being assigned a lunch detention in a separate area and/or re-teaching of expected behaviors.

Health Services

A. HEALTH ROOM (NURSE)

General Health Guidelines

- If your son/daughter is experiencing a fever or illness during the school day, you will be required to pick them up or make arrangements for them to be picked up as soon as possible.
- If your child is experiencing a fever, they should not be sent to school until they have been fever-free for 24 hours without medication.

B. HEALTH EXAMS AND SCREENINGS – CASD POLICY 209

Students scheduled for mandated health screenings will be notified by the school nurse.

C. FOOD ALLERGY MANAGEMENT – CASD POLICY 209.1

Food allergy - an abnormal, adverse reaction to a food that is triggered by the body's immune system.

A. Medical Plans of Care - written documents individualized for a particular student with a severe or life-threatening food allergy to address the student's needs throughout the school day, including: Emergency Care Plan (ECP) - a medical plan of care based on the information provided in the student's Individualized Healthcare Plan (IHP) and distributed to all school personnel who have responsibilities for the student which specifically describes how to recognize a food allergy emergency and what to do when signs or symptoms of these conditions are observed.

B. Individualized Healthcare Plan (IHP) - a medical plan of care that provides written directions for school health personnel to follow in meeting the individual student's healthcare needs. The plan describes functional problem areas, sets goals for overcoming problems, and lists tasks/interventions to meet the goals. The IHP shall include a Food Allergy Medical Management Plan developed by a student's personal healthcare team and family, which shall outline the student's prescribed healthcare regimen and be signed by the student's board-certified allergist, family physician, physician assistant or certified registered nurse practitioner.

C. Related Services Component in Individualized Education Program (IEP) - that part of an IEP for a student receiving special education and related services which includes reference to development and implementation of an IHP and ECP for students with a documented severe or life-threatening food allergy as well as identifying the medical accommodations, educational aids and services to address the student's needs.[2]

D. Section 504 Service Agreement - a medical plan of care which references development and implementation of an IHP and ECP as well as other accommodations, educational aids and services a student with a documented severe or life-threatening food allergy requires in order to have equal access to educational programs, nonacademic services and extracurricular activities as students without food allergies.

Guidelines

Prior to enrollment in the district or immediately after diagnosis of a food allergy, appropriate medical plans of care such as an ECP, IHP, Section 504 Service Agreement and/or IEP shall be developed for each student identified with a food allergy. Plans shall be developed by the school nurse, in collaboration with the

student's healthcare provider, the student's parents/guardians, district or school nutrition staff, the student, if appropriate, and any other appropriate persons.

Where a medical plan of care is developed, it should carefully describe the plan for coverage and care of a student during the school day as well as during school-sponsored activities which take place while the student is under school jurisdiction during or outside of school hours. Medical plans of care shall include a component which provides information to the school nutrition service regarding each student with documented severe or life-threatening food allergies.

Medical plans of care should include both preventative measures to help avoid accidental exposure to allergens and emergency measures in case of exposure, including administration of emergency medication.

A complete set of a student's current medical plans of care related to food allergies shall be maintained by the school nurse. Information or copies of the different components of a student's medical plans of care shall be provided to appropriate personnel who may be involved in implementation of the medical plans of care.

Accommodating Students With Disabling Special Dietary Needs

Students with food allergies may be identified, evaluated and determined to be disabled, in which case the district shall make appropriate accommodations, substitutions or modifications in accordance with the student's medical plans of care.

The district must provide reasonable accommodations, substitutions or modifications for students with disabling dietary needs. The student's physician shall determine and document if the student has a disabling dietary need. Examples of a disability under this policy would include metabolic conditions (e.g., diabetes), severe food allergies or cerebral palsy.

Students who fall under this provision must have a written medical statement signed by a licensed physician, which shall be included with the student's IHP. The medical statement must identify:

1. The student's special dietary disability.
2. An explanation of why the disability restricts the student's diet.
3. The major life activity(ies) affected by the disability.
4. The food(s) to be omitted from the student's diet.
5. The food or choice of foods that must be provided as the substitute.

Accommodating Students With Non Disabling Special Dietary Needs

The district may, at its discretion, make appropriate accommodations, substitutions or modifications for students who have a special dietary need but who do not meet the definition of disability, such as a food intolerance or allergy that does not cause a reaction that meets the definition of a disability. The decision to accommodate such a student shall be made on a case-by-case basis.

Students who fall under this provision must have a written medical statement signed every year by a physician, physician assistant or certified registered nurse practitioner identifying the following:

1. The medical or other special dietary condition which restricts the student's diet.
2. The food(s) to be omitted from the student's diet.
3. The food or choice of foods to be substituted.

Confidentiality

The district shall maintain the confidentiality of students with food allergies, to the extent appropriate and as requested by the student's parents/guardians. District staff shall maintain the confidentiality of student records as required by law, regulations and Board policy.

Administrative regulations should address the following components:

1. Identification of students with food allergies and provision of school health services.
2. Development and implementation of individual written management plans.
3. Medication protocols, including methods of storage, access and administration.
4. Development of a comprehensive and coordinated approach to creating a healthy school environment.
5. Communication and confidentiality.
6. Emergency response.
7. Professional development and training for school personnel.
8. Awareness education for students.
9. Awareness education and resources for parents/guardians.
10. Monitoring and evaluation.

The Superintendent or designee shall annually notify students, parents/guardians, staff and the public about the district's food allergy management policy by publishing such in handbooks, on the district website and other efficient methods.

D. DIABETES MANAGEMENT – CASD POLICY 209.2

Purpose

The Board recognizes that an effective program of diabetes management in school is crucial to:

1. Ensuring the development of a school health team to care for the student with diabetes.
2. Ensuring the immediate safety of students with diabetes.
3. Supporting efforts to maintain the long-term health of students with diabetes.
4. Ensuring that students with diabetes are ready to learn and participate fully in school activities.
5. Minimize the possibility that diabetes-related emergencies will disrupt classroom activities.
6. Ensuring that schools are complying with state and federal laws and regulations, in the care of students with this chronic health condition.

Authority

The Board adopts this policy in accordance with applicable state and federal laws and regulations, and Board policies and administrative regulations, regarding the provision of student health services.

Definitions

Diabetes Medical Management Plan (DMMP) means a document describing the medical orders or diabetes regimen developed and signed by the student's health care practitioner and parent/guardian.

Individualized Education Program (IEP) means the written educational statement for each student with a disability that is developed, reviewed and revised in accordance with federal and state laws and regulations. A student with a disability is a school-aged child within the jurisdiction of the district who has been evaluated and found to have one or more disabilities as defined by law, and who requires, because of such disabilities, special education and related services.

Section 504 Service Agreement (Service Agreement) means an individualized plan for a qualified student with a disability which sets forth the specific related aids, services, or accommodations needed by the student, which shall be implemented in school, in transit to and from school, and in all programs and procedures, so that the student has equal access to the benefits of the school's educational programs, nonacademic services, and extracurricular activities. A qualified student with a disability means a student who has a physical or mental disability which substantially limits or prohibits participation in or access to an aspect of the district's educational programs, nonacademic services or extracurricular activities.

Trained Diabetes Personnel means non-licensed school employees who have successfully completed the required training.

Guidelines

Before a student can receive diabetes-related care and treatment in a school setting, the student's parent/guardian shall provide written authorization for such care and instructions from the student's health care practitioner. The written authorization may be submitted as part of a student's DMMP.

Diabetes-related care shall be provided in a manner consistent with Board policy, district procedures and individualized student plans such as an IEP, Service Agreement or DMMP.

In order to maintain a student's health and safety, each student's individualized plan shall address what information will be provided to school staff and other adults who have responsibility for the student in the school setting.

Student health records shall be confidential and maintained in accordance with state and federal laws and regulations.

Trained Diabetes Personnel

The school nurse, in consultation with the Superintendent or designee, may identify at least one (1) school employee, who is not the school nurse and who does not need to be a licensed health care practitioner, in each school building attended by a student with diabetes to perform diabetes care and treatment for students. The identified school employee has the right to decline this role.

An identified school employee who has accepted this role shall complete the training developed by the state or training offered by a licensed health care practitioner with expertise in the care and treatment of diabetes, which includes at a minimum:

1. An overview of all types of diabetes.

The identified school employee shall complete such training on an annual basis.

Upon successful completion of the required training, individual trained diabetes personnel may be designated in a student's Service Agreement or IEP to administer diabetes medications, use monitoring equipment and provide other diabetes care.

If the diabetes-related care provided to a particular student by trained diabetes personnel will include administration of diabetes medication via injection or infusion, the Board shall require the following:

1. The parent/guardian and the student's health care practitioner must provide written authorization for such administration; and
2. The trained diabetes personnel must receive annual training for such administration from a licensed health care practitioner with expertise in the care and treatment of diabetes.

Training of Other School Personnel

School employees, including classroom teachers, lunchroom staff, coaches and bus drivers, shall receive annual diabetes care training appropriate to their responsibilities for students with diabetes.

Student Possession and Use of Diabetes Medication and Monitoring Equipment

The written request for student possession and use of diabetes medication and monitoring equipment shall be reviewed annually, along with the required written statements from the parent/guardian and the student's health care practitioner. If there is a change in the student's prescribed care plan, level of self-management or school circumstances during the school year, the parent/guardian and the student's health care practitioner shall update the written statements.

Students shall be prohibited from sharing, giving, selling and using diabetes medication and monitoring equipment in any manner other than which it is prescribed during school hours, at any time while on school property, at any school-sponsored activity and during the time spent traveling to and from school and school-sponsored activities. Violations of this policy, provisions of a Service Agreement or IEP, or demonstration of unwillingness or inability to safeguard the medication and monitoring equipment may result in loss of privilege to self-carry the diabetes medication and monitoring equipment, and may result in disciplinary action in accordance with Board policy and applicable procedural safeguards.

If the district prohibits a student from possessing and self-administering diabetes medication and operating monitoring equipment, or if a student is not capable of self-administering diabetes medication or operating monitoring equipment, the district shall ensure that the diabetes medication and monitoring equipment is appropriately stored in a readily accessible location in the student's building. The school nurse and other designated school employees shall be informed where the medication and monitoring equipment is stored and the means to access them.

Please do not call the schools to check on school closing. It is important that we keep the lines open. Parents will also be called through the School Messenger phoning system. It is the parents' responsibility to keep this phone number current.

In the event that schools are closed, all school related extracurricular activities will also be canceled. Parents should make necessary arrangements for their children ahead of time so the children feel comfortable about where they are to go after an emergency school closing. We suggest you have two alternate plans and make your child fully aware of them.

Transportation

Bus riders will be permitted a maximum of two (2) stop locations.

- Stop 1 (Home Address)
- Stop 2 (Childcare, Custody Arrangements)

⇒ **Note:** Students will not be permitted to ride home on the bus with another student. Emergency situations will be handled on a case by case basis. An emergency is defined as: a serious situation or occurrence that happens unexpectedly and demands immediate action. In the event of an emergency, the parent/guardian must contact the Director of Transportation, 664-4677 ext. 1223 in order to arrange for their child to be dropped off at an alternate approved bus stop on an established bus route. The following will **not** be accepted as emergencies: birthday parties, personal appointments, visiting friends, or other matters of convenience.

- **All** Pre-K to 5th grade students living within the designated walking area (shown on map at end of handbook) will be required to walk to Corry Area Primary School.
- Parents/Guardians are not permitted to take their elementary child off the bus at the Middle-High School. Elementary students are able to be picked up at their respective school. Parents/Guardians should contact the schools for directions for car riders.

Busing

The riding of a school bus is a privilege that the school district provides for students who reside in busing areas within the district. Therefore, students who violate the school district's bus policies may be denied this privilege. It is a violation for pupils to ride a bus other than the one to which they are assigned or to leave the bus at a stop other than their assigned stop except for urgent reasons. When students arrive at school in the morning, they are not permitted to leave school property.

Students who ride buses to and from school are expected to conduct themselves in an acceptable manner. Bus conduct guidelines in effect for the Corry Area School District are as follows.

Students are not permitted to video the bus driver, themselves, or other students while riding district-provided transportation. Violations of this mandate will be addressed in the discipline section of this handbook.

Questions or concerns regarding busing, please contact: Mandi Johnson
Transportation Coordinator

The Corry Area School District Discipline Policy will be enforced on all school-sponsored trips and transportation. Suspension of bus privileges does not relieve the parents of their responsibility to the compulsory attendance laws of Pennsylvania. Destruction of bus property will result in the payment for all damages by the parent or guardian before students are permitted to ride the bus. Possession of a knife or any other weapon on a school bus/property is prohibited and against the law.

Elementary Student Assistance Program (ESAP)

The ESAP is an innovative program whose goals are to maximize individual student success in the regular classroom, while at the same time serving as a screening process for students who may be in need of special education services. ESAP is a positive, success-oriented program that uses specific assessment and intervention techniques to help remove educational, behavior, or effective stumbling blocks for all students in the general classroom.

The program shifts the critical question in education from asking "What's wrong with the student?" to asking, "What resources can we use to increase the student's chances for success?" or "What do we need to do differently to ensure the student's success?" ESAP answers this through a team approach that provides for greater cohesiveness, coordination, and instructional continuity, and complements existing curriculum and instructional programs.

Any elementary student who experiences consistent or possibly even unexpected academic or behavioral problems may be a candidate for ESAP. This includes students beginning to display problems in regular education, as well as students with disabilities who are included in general education programs. The classroom teacher, other educators, or parents identify students for ESAP services.

Who are members of the ESAP Team?

Although members of the ESAP Team may differ from school to school, the team always includes the building principal, counselor, and a mental health professional. Input will also be sought from the child's classroom teacher(s). The parents are encouraged to participate as active partners in the process. The school psychologist, Title I teacher, speech pathologist, school nurse, and representatives from community agencies may also contribute to the bi-weekly meetings, depending on the needs of the students.

The ESAP Team determines what strategies could be implemented to help the student achieve success in the general classroom. Collaboration and joint planning occur throughout the entire process. Each member of the team has equal input and decision-making power to determine what methods, learning strategies, special techniques, or programs best address the student's area(s) of need.

How does ESAP work?

The process involves three steps:

1. Identifying a student's need for academic or behavioral support;
2. Determining the strategies needed to assist the student;
3. Implementing intervention strategies through a continuum of services.

After an initial assessment of the student's academic, behavioral, and/or coping skills, the ESAP Team recommends strategies designed to assist the student in achieving greater success in the general education classroom. The team determines what support is needed for the student to maintain a level of success in the classroom. After a variety of interventions have been implemented and there has been little to no response to the intervention, the ESAP team may refer the student for a formal evaluation to determine a need for special education supports or services.

The ESAP process in elementary schools represents a system of problem solving driven by student's needs. At the core of the process is the belief that all students can learn and that all students matter. ESAP maximizes

the teaching resources within schools by incorporating the best of general and special education in a systematic search for what works to support success for the student.

School Counseling Services

Each elementary building has access to a certified school counselor. If you have questions or concerns regarding your child's academic, personal, social, or future career do not hesitate to contact the school counselor.

According to state and federal special education regulations, annual public notice to parents of children who reside within a school district is required regarding child find responsibilities. School districts, intermediate units and charter schools are required to conduct child find activities for children who may be eligible for services via Section 504 of the Rehabilitation Act of 1973. For additional information related to Section 504/Chapter 15 services, the parent may refer to Section 504, Chapter 15, and the Basic Education Circular entitled Implementation of Chapter 15. Also, school districts are required to conduct child find activities for children who may be eligible for gifted services via 22 PA Code Chapter 16. For additional information regarding gifted services, the parent may refer to 22 PA Code Chapter 16. If a student is both gifted and eligible for Special Education, the procedure in IDEA and Chapter 14 shall take precedence.

This notice shall inform parents throughout the school district, intermediate unit, and charter schools of the child identification activities and of the procedures followed to ensure confidentiality of information pertaining to students with disabilities or eligible young children. In addition to this public notice, each school district, intermediate unit and charter schools shall publish written information in the handbook and on the website. Children ages 3-21 can be eligible for special education programs and services.

If parents believe that the child may be eligible for special education, the parent should contact the school district where the child attends or the Director of Special Education for the NW Tri-County Intermediate Unit identified at the end of this public notice. Children aged three through the age of admission to first grade are also eligible if they have developmental delays and, as a result, need special education and related services. Developmental delay is defined as a child who is less than the age of beginners and at least three years of age and is considered to have a developmental delay when one of the following exists: (i) The child's score, on a developmental assessment device, on an assessment instrument which yields a score in months, indicates that the child is delayed by 25 percent of the child's chronological age in one or more developmental areas, or (ii) The child is delayed in one or more of the developmental areas, as documented by test performance of 1.5 standard deviations below the mean on standardized tests. Developmental areas include cognitive, communicative, physical, social/emotional and self-help. For additional information you may contact the Early Intervention Department at the Intermediate Unit. (See Evaluation Process below for contact info.)

Evaluation Process

Each school district, intermediate unit and charter schools have a procedure in place by which parents can request an evaluation. For information about procedures applicable to your child, contact the school, which your child attends. Parents of preschool age children, age three through age of beginner, may request an evaluation in writing by addressing a letter to the Early Intervention Supervisor, NW Tri-County Intermediate Unit 5, 252 Waterford St., Edinboro, PA 16412 or call 1-800-677-8461 or email eireferral@iu5.org.

Consent

School entities cannot proceed with an evaluation or reevaluation, or with the initial provision of special education and related services, without the written consent of the parents. For additional information related to consent, please refer to the Procedural Safeguards Notice which can be found at the PaTTAN website at www.pattan.net. Once written parental consent is obtained, the school district, intermediate unit, charter schools, or PRRIs will proceed with the evaluation process. If the parent disagrees with the evaluation, the parent can request an independent education evaluation at public expense.

Program Development

Once the evaluation process is completed, a team of qualified professionals and the parents determine whether the child is eligible. If the child is eligible, the individualized education program (IEP) team meets, develops the program, and determines the educational placement. Once the IEP team develops the program and determines the educational placement, school district staff, intermediate unit staff or charter school staff will issue a notice of recommended educational placement/prior written notice. Your written consent is required before initial services can be provided. The parent has the right to revoke consent after initial placement.

Confidentiality of Information

The school districts, intermediate units, charter schools and PRRIs maintain records concerning all children enrolled in the school, including students with disabilities. All records are maintained in the strictest confidentiality. Your consent, or consent of an eligible child who has reached the age of majority under State law, must be obtained before personally identifiable information is released, except as permitted under the Family Education Rights and Privacy Act (FERPA). The age of majority in Pennsylvania is 21. Each participating agency must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information. Each participating agency must maintain, for public inspection, a current listing of the names and positions of those employees within the agency who have access to personally identifiable information.

For additional information related to student records, the parent can refer to the FERPA at the following URL: <http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>.

In order to identify which students are potential English Learners, the Home Language Survey shall be completed for each student upon enrollment in the district, and shall be maintained as part of the student's education records.

EL students shall be appropriately placed in accordance with the LIEP within the first thirty (30) days of the school year, or within fourteen (14) days of enrollment.

Program Access

The district shall provide appropriate training in ELD for all professional staff as part of the Professional Development Plan.

EL students may be eligible for gifted education services, when identified in accordance with law, regulations and Board policy. The district shall ensure that assessment of a student for gifted education services screens for intervening factors, such as English language proficiency, that may be masking gifted abilities.

Parent/Family Engagement and Communication

Parents/Guardians shall be regularly apprised of their child's progress, including achievement of academic standards and assessment results. The district shall maintain an effective means of outreach to encourage parental involvement in the education of their children.

Parental Right to Opt Out of English Language Programs and Services

The district shall make a parental waiver form available for parents/guardians to opt their EL child out of EL programs and services.

The district shall document all notifications made to parents/guardians regarding assessment and recommended placements and programs for EL students, and whether or not a parental waiver form is received. When a waiver form is not received from the parent/guardian, the district shall proceed with the recommended placement.

EL students who have a parental waiver for EL programs and services shall be assessed on English language proficiency annually, and shall be provided with supports and accommodations to participate in general curricular and extracurricular programs, in order to meet academic standards and graduation requirements.

Parents/Guardians of EL students who have been opted out of EL programs and services shall be notified of their child's progress, including achievement of academic standards and assessment results, and shall be provided with opportunity and a form to opt their child back into EL programs and services.

- Creating a threatening environment.
- Substantially disrupting the orderly operation of the school.

Bullying, as defined in this policy, includes cyberbullying. School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.

Fighting

Fighting is defined as any physical conflict between two or more persons.

- **Agitate, Instigate, Intimidate, Rumor, Leaving Assigned Area to Watch** - Any student provoking a fight - that is agitating, instigating, intimidating, or spreading rumors so as to cause a fight or leaving an assigned area or classroom to watch a fight - will be dealt with in a similar manner as if fighting.
- **Filming**- Any student filming a fight will be dealt with in a similar manner as if fighting.
- **Interference**- Any student who interferes with a staff member trying to stop a fight will be dealt with in a similar manner as if fighting.

In certain circumstances, an incident which may have begun as a fight could escalate into an act of assault/physical act of violence (an expellable offense). Examples of situations in which this occurs is when an individual student refuses to stop fighting or engaging the other student after repeated orders from district staff to do so, or when one student is clearly aggressing on another student after that other student has de-escalated.

Hazing – CASD Policy 247

Hazing occurs when a person intentionally, knowingly or recklessly, for the purpose of initiating, admitting or affiliating a student with an organization, or for the purpose of continuing or enhancing membership or status in an organization, causes, coerces or forces a student to do any of the following:

- Violate federal or state criminal law.
- Consume any food, liquid, alcoholic liquid, drug or other substance which subjects the student to a risk of emotional or physical harm.
- Endure brutality of a physical nature, including whipping, beating, branding, calisthenics or exposure to the elements.
- Endure brutality of a mental nature, including activity adversely affecting the mental health or dignity of the individual, sleep deprivation, exclusion from social contact or conduct that could result in extreme embarrassment.

- Prescription or nonprescription (over-the-counter) medications, except those for which permission for use in school has been granted pursuant to Board policy.

Under the influence shall include any consumption or ingestion of controlled substances by a student.

Look-alike drugs shall include any pill, capsule, tablet, powder, plant matter, or other item or substance that is designed or intended to resemble a controlled substance prohibited by this policy, or is used in a manner likely to induce others to believe the material is a controlled substance.

The Board prohibits students from using, possessing, distributing, and being under the influence of any controlled substances during school hours, at any time while on school property, at any school-sponsored activity, and during the time spent traveling to and from school and to and from school-sponsored activities.

2. A device, included under the definition of tobacco product above, if sold by a dispensary licensed in compliance with the Medical Marijuana Act. NOTE: Guidance issued by the PA Department of Health directs schools to prohibit possession of any form of medical marijuana by students at any time on school property or during any school activities on school property. This exception shall be governed by Board policy relating to Controlled Substances/Paraphernalia.
3. The Board prohibits possession, use, purchase or sale of tobacco and vaping products, including the product marketed as Juul and other e-cigarettes, regardless of whether such products contain tobacco or nicotine, by or to students at any time in a school building; on school buses or other vehicles that are owned, leased or controlled by the school district; on property owned, leased or controlled by the school district; or at school-sponsored activities that are held off school property.

The Board prohibits students from possessing and bringing weapons and replicas of weapons into any school district buildings, onto school property, to any school-sponsored activity, and onto any public vehicle providing transportation to school or a school-sponsored activity or while the student is coming to or from school.

Electronic Devices Usage:

At the elementary level, students are discouraged from bringing electronic devices, including cell phones, to school. If a student must bring a device, it should remain turned off and stored in their backpack or a designated area during school hours. The use of electronic devices during the school day, including recess and lunch, is not permitted to maintain a focused and safe learning environment.

Handling of Offenses for Cell Phone Use:

- **First Offense:** The student receives a verbal warning.
- **Second Offense:** The student will receive a detention. The device will be kept in the office, and the parent or guardian must pick it up.
- **Further Offenses:** Any further incidents will result in an administrative-parent-teacher conference to discuss the appropriate consequences, which may include prohibiting the student from bringing any electronic devices to school.

Prohibited Areas for Electronic Devices:

The use of electronic devices is strictly prohibited in locker rooms, bathrooms, health suites, and any other areas where privacy is expected.

Electronic Images and Photographs:

POTENTIAL DISCIPLINARY ACTIONS

The following are intended to serve as examples and not all-inclusive.

Negative Contact Form – An agreement between students in conflict who agree to not interact.

Behavior Improvement Plan – a plan designed to help a student change/improve their behavior.

Safety Plan – a plan designed to ensure the health and safety of all students and staff.

Teacher Detention – assigned and facilitated by a classroom teacher.

Lunch Detention to be served during the student's assigned lunch time.

After School Detention from 3:00 pm to 4:00 pm.

Failure to serve a detention may result in additional consequences. Parents/guardians will receive a detention notification via phone and/or email to assure transportation can be arranged.

Law Enforcement Referral – A referral resulting from an offense that may violate local, state, and/or federal statutes, which may result in legal actions separate from CASD disciplinary actions.

Restitution of Damages – In the event restitution is a consequence, monetary or school-based community service will be assigned.

Students are to report to the school office with their chromebook by 8:10 a.m. rather than homeroom. Work will be ordered from the classroom teachers to be completed in ISS. Non-completion of work or not following the rules of ISS could result in further disciplinary action. Students issued ISS may be restricted from participation in any after-school events during their assigned day.

No-Trespass Letter – a letter detailing an individual's restrictions from CASD property.

Alternative Education – May be recommended by the principal according to established policy after persistent abuse of school policy. SUSPENSION AND EXPULSION - CASD POLICY 233

Out-of-School Suspension - Suspension is exclusion from school for a period of one (1) to ten (10) consecutive school days.

1. No student shall be suspended until the student has been informed of the reasons for the suspension and given an opportunity to respond. However, prior notice of the intended suspension need not be given when it is clear that the health, safety or welfare of the school community is threatened.
2. The student's parent(s)/guardian(s) shall be notified immediately in writing when the student is suspended.
3. When the suspension exceeds three (3) school days, the student and parent(s)/guardian(s) shall be given the opportunity to participate in an **informal hearing**. The purpose of the informal hearing is to enable the student and/or parent(s)/guardian(s) to meet with the appropriate school official to explain the

circumstances surrounding the event for which the student is being suspended or to show why the student should not be suspended. The informal hearing is held to bring forth all relevant information regarding the event for which the student may be suspended and for students, their parent(s)/guardian(s) and school officials to discuss ways by which future offenses might be avoided. The student has the following due process rights in regard to the informal hearing:

- a. Notification of the reasons for the suspension shall be given in writing to the parent(s)/guardian(s) and to the student.
- b. Sufficient notice of the time and place of the informal hearing shall be given.
- c. A student has the right to question any witnesses present at the hearing.
- d. A student has the right to speak and produce witnesses on his own behalf.
- e. The District shall offer to hold the informal hearing within the first five (5) days of the suspension.

B. Expulsion. Expulsion is exclusion from school by the Board of Education for a period exceeding ten (10) school days and may be permanent expulsion from the school rolls.

1. Students referred to the Board of Directors for expulsion are entitled to a **formal hearing**.
2. Formal hearings may be held before the entire Board of Directors, or before a committee of the Board. A majority vote of the entire Board is required to expel a student.
3. The following due process requirements shall be observed with regard to formal hearings:
 - a. Notification of the charges shall be sent to the student's parent(s)/guardian(s) by certified mail.
 - b. At least three days' notice of the time and place of the hearing must be given. A copy of the expulsion policy, notice that legal counsel may represent the student, and hearing procedures shall be included with the hearing notice. A student may request the rescheduling of the hearing when the student demonstrates good cause for an extension.
 - c. The hearing shall be held in private unless the student or parent(s)/guardian(s) request a public hearing.
 - d. The student has the right to be represented by counsel, at the expense of the parents or guardians, and may have a parent or guardian attend the hearing.
 - e. The student has the right to be presented with the names of witnesses against the student, and copies of the statements and affidavits of those witnesses.
 - f. The student has the right to request that any such witnesses appear in person and answer questions or be cross-examined.
 - g. The student has the right to testify and present witnesses on his own behalf.
 - h. A written or audio record shall be kept of the hearing. The student is entitled, at the student's expense, to a copy. A copy shall be provided at no cost to a student who is indigent.
 - i. The hearing shall be held within 15 school days of the notification of charges, unless mutually agreed to by both parties. A hearing may be delayed for any of the following reasons, in which case the hearing shall be held as soon as reasonably possible: (1) Laboratory reports are needed from law enforcement agencies; (2) Evaluations or other court administrative proceedings are pending due to a student invoking his rights under the Individuals with Disabilities Education Act; (3) In cases in juvenile or criminal court involving sexual assault or serious bodily injury, delay is necessary due to the condition or best interests of the victim.
 - j. Notice of a right to appeal the results of the hearing shall be provided to the student with the expulsion

decision.

During the period of time prior to the hearing and decision of the governing board in an expulsion case, the student shall be placed in his/her normal class unless, after an informal hearing, it is determined that the student's presence in his/her normal class would constitute a threat to the health, safety, morals, or welfare of others. In such cases, when it is not possible to hold a formal hearing within the period of suspension, the student may be excluded from school for more than 10 school days. A student may not be excluded from school for longer than 15 school days without a formal hearing unless mutually agreed upon by both parties. Any student so excluded shall be provided with alternative education by the District, which may include home study.

Telephone Messages

Messages will be taken and delivered only in emergencies.

Video Cameras

Corry Area School District video cameras may be used throughout the District buildings, school property, and buses. The video cameras are intended to discourage misconduct and will be used to identify such conduct.

Student Visitors

Students who are not enrolled as Corry Area School District students are not permitted in the building during the school day.

Acceptable Use of Internet, Computers and Network Resources-CASD Policy 815-Corry Area School District Acceptable Use and Internet Safety Policy Approved by Corry Area School District Board of Directors on May 24, 2021

Overview:

The Corry Area School District provides technology resources to its students and staff to assist in the educational process. We believe these resources offer vast, diverse, and unique opportunities to both students and staff. Our goal in providing this service to students and staff is to provide educational excellence in the district by facilitating resource sharing, innovation, and communication. Students and staff are responsible for appropriate behavior on computer networks. With access to these technology resources comes the availability of material that may not be considered of educational value in the context of the school setting. Despite the availability of filters and blocking software, students and staff may nevertheless gain access to electronic information that may not be reliable or appropriate. In such cases, general school rules for behavior and communications apply.

Students and staff are expected to use the district network, hardware and internet connection as educational resources. The Corry Area School District is not responsible for any information that may be lost, damaged, or unavailable when using the network or for any information that is retrieved via the Internet. The Corry Area School District will not be responsible for any unauthorized charges or fees resulting from access to the Internet. The following procedures and guidelines are used to help ensure appropriate use of technology resources, including the Internet, at the Corry Area School District. All CASD resources must be used appropriately. This Acceptable Use and Internet Safety Policy (ISP), in conjunction with the District's Acceptable Use of Internet Policy #815 and Use of Electronic Communications Policy #815.1, are intended to address the following requirements set by the Federal Communications Commission (FCC):

1. Access by minors to inappropriate matter on the Internet and World Wide Web
2. The safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communication

3. Unauthorized access, including so-called "hacking" and other unlawful activities by minors online
4. Unauthorized disclosure, use, and dissemination of personal information regarding minors
5. Measures designed to restrict minors' access to materials harmful to minors
6. Monitoring the on-line activities of minors

Students are on notice that the District has implemented technology protection measures that blocks or filters Internet access by students to visual depictions that are (1) sexually explicit or obscene, or (2) pornographic, specifically including child pornography, or (3) harmful to minors (e.g., pictures or visual depictions which, taken as a whole, appeal to a prurient interest in nudity, sex or perverted or lewd acts). The District has also implemented technology protection measures with respect to any District computers that blocks or filters Internet access by adults to visual depictions that are (1) sexually explicit or obscene, or (2) child pornography. An administrator, supervisor or other person authorized by the District may disable the filter during use by an adult for bona fide research or other lawful purposes.

Expectations in use of technology resources, including the Internet:

1. All use of the system must be in support of education and consistent with the mission of the Corry Area School District. The District reserves the right to prioritize use and access to the system.
 2. Any use of the system must be in conformity to state and federal law network provider policies and licenses and district policy.
 3. Users shall not access inappropriate material on the Internet, including but not limited to: hate mail, discriminatory remarks, and/or offensive or inflammatory communication, pornography, obscenity, child pornography, or other materials that may be "harmful to minors."
 4. Any use of the system for commercial or for-profit purposes, product advertisement, political lobbying, or illegal activity is prohibited.
 5. No use of the system shall serve to disrupt the operation of the system by others; system components including hardware or software shall not be destroyed, modified or abused in any way.
 6. Malicious use of the system to develop programs that harass other users or gain unauthorized access to any computer or computing system and/or damage the components of a computer or computing system is prohibited.

9. Users of the system should have no expectation of privacy in connection with any aspect of the District's technology resources. The District has the right to monitor electronic email, internet usage and any other use of technology to assure compliance with this policy and for any other legitimate reason. Such monitoring may be done, with, or without the user's knowledge.
 10. Users should have a specific reason to use the Internet.
 11. Any site that is visited on the Internet should have educational value.

Security

1. System accounts are to be used only by the authorized owner of the account for the authorized purpose. Users may not share their account number or password with another person or leave an open file or session unattended or unsupervised. Account owners are ultimately responsible for all activity under their account.

2. No person shall have access to the system without having received appropriate training; a signed Acceptable Use Policy must be on file with the district. Students under the age of 18 must have the approval of a parent or guardian.
3. Nothing in these regulations is intended to preclude the supervised use of the system while under the direction of a teacher or other approved user acting in conformity with district policy and procedure.
4. Corry Area School District retains ownership and rights of access to all files stored on the equipment under the control of the agency.

Online Safety and Privacy:

The Superintendent or designee shall develop and implement administrative procedures that ensure students are educated on network etiquette and other appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response.

Enforcement of Policy:

Corry Area School District uses a technology protection measure that blocks or filters access to some World Wide Web sites that are not in accordance with the policy of Corry Area School District. This measure protects against access by adults and minors to visual depictions that are obscene, child pornography or – with respect to use of computers with Internet access by minors – harmful to minors. Filtering may be disabled for adults engaged in bona fide research or other lawful purposes. To ensure enforcement of the policy, Corry Area School District will monitor use of technology resources through direct supervision, monitoring Internet use history, or various software and hardware tools.

Violation of this Policy:

Violation of Corry Area School District's Acceptable Use and Internet Safety Policy in any way may result in suspension or the loss of the privilege to access the Internet and World Wide Web or other technology resources provided by the district. Other disciplinary action may be taken in accordance with existing CASD policy. When necessary, the Corry Area School District may call in law enforcement agencies.

Additional Homeless Resource

Education for Homeless Youth

42 U.S.C. § 11431 et seq.

DATE OF ISSUE: February 3, 2010

DATE OF REVIEW: December 10, 2016
August 19, 2015
September 1, 2011

PURPOSE

In 1987, Congress passed the Stewart B. McKinney Homeless Assistance Act, (subsequently renamed the McKinney-Vento Homeless Assistance Act) to aid homeless persons. The Act defines the term "homeless children and youths" as individuals who lack a fixed, regular, and adequate nighttime residence. On December 10, 2015, the Every Student Succeeds Act (ESSA) was enacted, amending McKinney-Vento.

PROCEDURES

This Basic Education Circular (BEC) explains the categories of children who are "homeless" and entitled to the protections of the federal law. These categories include:

- (i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals;
- (ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
- (iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;

- (iv) "migratory children" who qualify as homeless under federal law because the children are living in circumstances described in clauses (i) through (iii) above. The term "migratory children" means children who are (or whose parent(s) or spouse(s) are) migratory agricultural workers, including migratory dairy workers or migratory fishermen, and who have moved from one school district to another in the preceding 36 months, in order to obtain (or accompany such parents or spouses in order to obtain) temporary or seasonal employment in agricultural or fishing work; and,
- (v) "Unaccompanied homeless youth" including any child who is "not in the physical custody of a parent or guardian." This includes youth who have run away from home, been thrown out of their home, been abandoned by parents or guardians, or separated from their parents for any other reason.

Communication and collaboration among education and child welfare professionals is critical to support school stability and continuity for children in out-of-home care. The law requires child welfare and local education agencies to work together to promote school stability and continuity including trying to ensure children remain in the school in which they were enrolled at the time of placement when it is in their best interest. Best practice would suggest that decisions be made collaboratively between school personnel, child welfare agencies and any other individual involved in the child's case including the child, resource parent, child advocate and attorney. It is imperative that caseworkers and school district administration and staff work together to help ensure the educational progress of all students.

Under the Pennsylvania Education for Homeless Children and Youth State Plan, homeless children are defined as "children living with a parent in a domestic violence shelter; runaway children and children, and youth who have been abandoned or forced out of their home by parents or other caretakers; and school-aged parents living in houses for school-aged parents if they have no other available living accommodations."

The McKinney-Vento Act states that it is the policy of Congress that state educational agencies shall ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youths 42 U.S.C. § 11431. Specifically, 42 U.S.C. § 11432(g) (3) (A) indicates that the local educational agency (LEA) shall, according to the child's best interest: In accordance with Section 722 (g) (3) (B) (ii), the local educational agency:

- (I) must presume that keeping a homeless child or youth in the school of origin is in the child's or youth's best interest unless doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- (II) must consider student-centered factors related to a child's or youth's best interest, giving priority to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth; or
- (III) if the LEA determines that it is not in a child's or youth's best interest to attend the school of origin, or the school requested by the parent, guardian, or unaccompanied youth, it must provide a written explanation of the reasons for its determination, in a manner and form that is understandable.

According to the McKinney-Vento Act the term "school of origin" means the school the child or youth attended when permanently housed, or the school in which the child or youth was last enrolled. 42 U.S.C. § 11432(g) (3) (G).

I. Homeless Students Residing in Shelters, Facilities or Institutions

Section 1306 of the Pennsylvania Public School Code (24 P.S. §13-1306) deals with the public school admission of nonresident students living in shelters, facilities or institutions. Implementing regulations for Section 1306 are found in Section 11.18 of the State Board of Education regulations. 22 Pa. Code § 11.18 (a) addresses the public school admission of nonresident children who live in an institution, shelter or custodial care facility:

(a) The board of school directors of a school district in which there is located a licensed shelter, group home, maternity home, residence, facility, orphanage or other institution for the care or training of children or adolescents, shall admit to the district's public schools school age children who are living at or assigned to the facility or institution and who are residents of the district or another school district in this Commonwealth.

22 Pa. Code § 11.18, as it applies to homeless children and youth, includes within the definition of "licensed shelter" those facilities which provide temporary shelter for a specified, limited period of time. Therefore, children in temporary shelters and children who "lack a fixed, regular, adequate nighttime residence" – homeless children – are entitled to free school privileges from either the school district in which their person or the shelter is located or the school district of origin.

II. Homeless Students Not Residing in a Shelter, Facility or Institution

Homeless students may reside in hotels, motels, cars, tents or temporarily doubled-up with a resident family because of lack of housing. In determining residence and in the case of homeless children, equating "residence" and "domicile" (home) does not apply. They are presently unable to establish "homes" on a permanent basis. Homeless families are not required to prove residency regarding school enrollment. These students should be enrolled without delay, in the district where they are presently residing or continue their education in the district of prior attendance.

Children experiencing homelessness are often highly mobile and may not stay in the same school district each night or each week. This is particularly true regarding children who stay overnight in vehicles, those who stay with different family members or friends, or those who receive services from agencies, organizations or networks which facilitate overnight accommodations in multiple school districts. These children should not be forced to change school districts every time their overnight accommodations change. Rather, these children are entitled to attend school in any school district where a parent, guardian, an adult caring for them or where an unaccompanied child:

- Spends the greatest percentage of his or her time; or
- Has a substantial connection such as where he or she is
 - regularly receiving day shelter or other services involving any of the 16 McKinney-Vento Activities (42 U.S.C. 11433(d)) for individuals who are homeless;
 - conducting daily living activities; or
 - staying overnight on a recurring basis.

This policy helps maintain continuity and school stability for homeless children in compliance with the McKinney-Vento Act.

The child or youth shall continue to be enrolled in the school in which he or she is seeking enrollment until the complaint or appeal is fully resolved by a McKinney-Vento coordinator, state coordinator, through mediation or in court.

III. School Placement

The McKinney-Vento Act requires that, "local educational agencies will designate an appropriate staff person, who may also be a coordinator for other federal programs, as a local educational agency liaison for homeless children and youth." This person has the following responsibilities:

1. Identify homeless children and youths with assistance by school personnel and through coordination activities with other entities and agencies.
2. Inform parents or guardians of educational rights and related opportunities available to their children, including

Head Start programs (including Early Head Start programs), early intervention services under Part C of the IDEA, other preschool programs administered by the LEA, and provide them with meaningful opportunities to participate in the education of their children.

3. Disseminate public notice of the educational rights of homeless students where children and youths receive services under the McKinney-Vento Act (such as schools, family shelters and food pantries).
4. Mediate enrollment disputes in accordance with the Enrollment Dispute section.
5. Inform the parent or guardian of a homeless child, youth and any unaccompanied youth, of all transportation options, including to the school of origin, and assist in accessing these transportation services.
6. Liaisons are required to ensure that unaccompanied youth are immediately enrolled in school pending resolution of disputes that might arise over school enrollment or placement.
7. Liaisons are required to assist children and youths who do not have documentation of immunizations or medical records to obtain necessary immunizations or necessary medical documentation.
8. Understand the guidance issued by the Pennsylvania Department of Education (PDE) for the education of homeless students and be ready to explain the BEC related to homeless education to school district staff.
9. Get to know the best resources in their community to assist families with referrals for things such as shelter, counseling, food and transportation.
10. Distribute information on the subject of homeless students and arrange staff development workshops and presentations for school personnel, including office staff.
11. Provide standard forms and information about enrollment procedures and key school programs to each shelter in their district.
12. Become familiar with the various program materials that are available from PDE.
13. Ensure that public notice of the educational rights of homeless students is disseminated in locations frequented by parents and guardians of such children and youths, and unaccompanied youths, including schools, shelters, public libraries, and soup kitchen, in a manner and form understandable to the parents and guardians and unaccompanied youth.
14. Liaisons must collaborate with a school district's special education program to ensure that homeless children who are in need of special education and related services are located, identified and evaluated. This is a requirement under the Individual with Disabilities Education Act (IDEA), which mandates that highly mobile children with disabilities, including homeless children, be identified and served. Liaisons should also ensure that homeless youths who have or may have disabilities have a parent or a surrogate parent to make special education or early intervention decisions. In the case of unaccompanied homeless youth, if a student is disabled or may be disabled and the youth does not have a person authorized to make special education decisions, the following people can be temporary surrogate parents: staff in emergency shelters; transitional shelters; independent living programs; street outreach programs; and state, local educational agency or child welfare agency staff involved in the education or care of the child. This rule applies only to unaccompanied homeless youth.
15. Liaisons should also identify preschool-aged homeless children by working closely with shelters and social service agencies in their area. In addition, the liaison should inquire, at the time they are enrolling homeless children and youths in school, whether the family has preschool-aged children.

16. Liaisons can identify unaccompanied homeless youth while respecting their privacy and dignity by providing specific outreach to areas where eligible students who are out of school may congregate.
17. Liaisons ensure that unaccompanied youths are enrolled in school, and have opportunities to meet the same challenging state academic standards as the state establishes for other children and youths, are informed of their status as independent students under section 480 of the Higher Education Act of 1965 (HEA) (20 U.S.C 1087vv), and their right to receive verification of this status from the local liaison.

Appropriate school placement arrangements, based on the child's best interest, should be implemented through the cooperative efforts of the respective chief school administrators. Each case presents a unique set of circumstances and, therefore, requires an individualized response. In all cases, the LEA shall comply, to the extent feasible, with the request made by a parent or guardian regarding school selection, shall attempt to minimize disruptions and shall maintain the highest possible degree of continuity in programs for all homeless students. The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.

Homelessness alone is not a reason to separate students from the mainstream school environment. Homeless children and youths should have access to education and other services that they need to ensure that they have an opportunity to meet the same challenging state student performance standards to which all students are held.

In determining the *best interest* of the child or youth under McKinney-Vento Act, the LEA shall:

- (I) Continue the child's or youth's education in the school of origin for the duration of homelessness when a family becomes homeless between academic years or during an academic year; and for the remainder of the academic year even if the child or youth becomes permanently housed during an academic year; or
- (II) Enroll the child or youth in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

The selected school shall immediately enroll the child or youth in school, *even if the child or youth lacks records normally required for enrollment*, such as previous academic records, medical records, proof of residency or other documentation. Section 722 (g)(3)(C) (i)(II) requires that a school selected based on a homeless child's or youth's best interest must immediately enroll such child or youth even if he or she has missed application or enrollment deadlines during any period of homelessness.

The terms "enroll" and "enrollment" are defined as attending classes and participating fully in school activities. The enrolling school must immediately contact the last school attended to obtain relevant records.

In order to ensure immediate enrollment, in accordance with Section 722 (g)(6)(A)(ix), the LEA liaison is required to: train school enrollment staff about the legal requirement that homeless children and youths be immediately enrolled and provided transportation; review school regulations and policies to ensure that they comply with the McKinney-Vento Act requirements; inform families and youth, in a language they can understand, of their rights; develop clear, understandable and accessible written explanations of decisions and the right to appeal; and expeditiously follow up on any special education or language assistance needs presented by a student.

IV. School/Health Records

The educating district should immediately enroll and begin to provide instruction. The receiving school district may contact the district of origin for oral confirmation that the child has been immunized. Oral confirmation between professionals is a sufficient basis to verify immunization with written confirmation to follow within 30 days. The instructional program should begin as soon as possible after the enrollment process is initiated and should not be delayed until the procedure is completed. The law specifies that information about a homeless child's or youth's living situation shall be treated as a student education record, and shall not be deemed to be directory information. (Section

722 (g)(3)(G)).

According to federal law, "(iii) If the child or youth needs to obtain immunizations, or immunization or medical records, the enrolling school shall immediately refer the parent or guardian of the child or youth to the local educational agency liaison designated under paragraph (1)(J)(ii), shall assist in obtaining necessary immunizations, or immunization or medical records, in accordance with subparagraph (D)" 42 U.S.C. §11432(g)(c)(iii).

V. Title I

Title I of the Elementary and Secondary Education Act (reauthorized December 2015 by the Every Student Succeeds Act) mandates that funds be reserved to serve homeless children. Title I states, "A local educational agency shall reserve such funds as are necessary to provide services comparable to those provided to children in schools funded under this part to serve homeless children who do not attend participating schools, including providing educationally related support services to children in shelters and other locations where children may live." Under Title I, homeless children are eligible for services if they are attending schools served by an LEA.

VI. Transportation

The state and its LEAs are required to adopt policies and practices to ensure that transportation is provided, at the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), to and from the school of origin. If the homeless student continues to live in the area served by the LEA, that LEA must provide or arrange transportation. If the homeless student moves to an area served by another LEA, though continuing his or her education at the school of origin, the LEA of origin and the LEA in which the student is living must agree upon a method to apportion responsibility and costs for transportation to the school of origin. This includes students enrolled in public school Head Start and Early Head Start education programs. If the LEAs cannot agree upon such a method, the responsibility and costs must be shared equally. Distance, time of year, options available, the effects of a transfer, etc., should all be addressed.

The provision of transportation to the school of origin is based on a students' status as homeless. The provision to remain in the school of origin during the remainder of the academic year is offered to provide for school stability. Local education agencies must continue to provide transportation to and from the school of origin to formerly homeless students who have become permanently housed for the remainder of the academic year during which the child or youth becomes permanently housed. (Section 722(g)(3)(A)(II)).

VII. Fiscal Responsibilities

Fiscal responsibilities apply to all homeless students, whether in regular or special education classes. The educating district should apply the following criteria when determining fiscal responsibility:

- A. The procedures outlined below will be followed in cases when the education of the child is provided by the district where the homeless student is temporarily living (doubled up, motel, shelter). The procedures shall also apply in cases when the district of prior attendance, where that is not the district the child attended when permanently housed, will educate the child.
 1. Homeless individuals not in facilities (shelters) or institutions, as well as homeless individuals living in hotels, motels, cars, tents, doubled-up with a resident family, shall be reported and reimbursed as resident students;
 2. For homeless individuals in temporary shelters, the educating school district will send a PDE-4605 Determination of District of Residence for Student in Facilities or Institutions in Accordance with Section 1306 of the Pennsylvania Public School Code to the presumed district of residence;

3. If PDE-4605 is acknowledged by the resident district, the educating district will enter the child on its rolls as a nonresident student from the acknowledging resident school district. The educating district will bill the resident district for tuition and will report membership data according to PDE child accounting procedures; and
 4. If PDE-4605 is disclaimed and a school district of residence cannot be determined, the educating school district should submit a written request to PDE's School Services Office to make a determination regarding the student's "ward of the state" status.
- B. In cases when the education of the child is provided by the district of origin, including preschool children, where that is the district the child attended when permanently housed, that district will continue to educate a homeless student for the period of temporary displacement and should maintain the homeless student on its roll as a resident student. When a child or youth completes the final grade level served by the school of origin, it also includes the designated receiving school at the next grade level for all feeder schools. (Section 722(g)(3)(I)).
 - C. In cases when the student becomes permanently housed during the academic year and continues in the school of origin, which is not in the district of new residence, the educating district will continue to educate the formerly homeless student, if requested by the student's parent or guardian, until the end of the academic year and should maintain the homeless student on its roll as a non-resident student. The educating district should advise the new district of residence of its financial responsibility for this student and send a tuition bill.

VIII. Categorical Eligibility under the National School Lunch and Breakfast Programs

Effective July 1, 2004, Section 107 of the Child Nutrition and WIC Reauthorization Act of 2004 amended Section 9(b) of the Richard B. Russell National School Lunch Act to make runaway, homeless and migrant children categorically eligible for free meal benefits under the National School Lunch and School Breakfast Programs. The following are guidelines set out by PDE for implementation of this amendment.

1. Homeless, runaway or migratory children are automatically certified as eligible for free meal benefits and can begin receiving free meal benefits upon proper documentation for meals. Please note that documentation as runaway, homeless, or migratory can only be provided by a school district migrant education or homeless education staff.
2. School district migrant education or homeless education staff are responsible for providing proper documentation of a child's status to the food service directors in each school district.

IX. Dispute Resolution Process

Pursuant to the McKinney-Vento Act, every state must develop procedures for the prompt resolution of disputes regarding the educational placement of homeless children and youths. 42 U.S.C §11432(g)(1)(C). The state must ensure that LEAs comply with requirements set forth in the McKinney Vento Act including ensuring immediate enrollment, providing written notice to families concerning school selection, enrollment decisions and providing enrollment and pendency in the school of choice while a dispute is being resolved. 42 U.S.C §11432(g)(2)(A).

PDE has developed the following procedures to govern the resolution of disputes regarding enrollment, school selection, homeless status and complaints of non-compliance with legal requirements pertaining to the education for homeless children and youths:

Level 1 – A dispute may be raised with a LEA.

If a dispute arises over school selection or enrollment, the child or youth involved must immediately be admitted to the school in which they are seeking enrollment, pending resolution of the dispute 42 U.S.C. §11432(g)(3)(E)(i). PDE recommends that the parent, guardian or unaccompanied youth who initiates the dispute contact the LEA liaison for individuals experiencing homelessness as soon as possible after receiving notice of the dispute. If the person initiating the dispute does not contact the LEA liaison directly, the LEA shall be responsible for contacting the LEA liaison regarding the dispute as soon as possible and referring the family or youth involved to the liaison.

The LEA liaison shall ensure that the child or youth is immediately enrolled, explain the dispute resolution process to families and help them to use it 42 U.S.C. §11432(g)(3)(E)(iii). The LEA shall issue a written disposition of the dispute within 20 business days after the LEA liaison is notified of the dispute. The disposition shall be provided to the parent, guardian or unaccompanied youth and shall explain the basis for the decision and advise the parent, guardian or youth of the right to appeal. 42 U.S.C. §11432(g)(3)(E)(i).

NOTE: The LEA should use and maintain copies of PDE’s “Notice of Procedural Safeguards” form (see attached) which ensures that all LEAs (a) inform families of the basis of their decision regarding enrollment or school selection; (b) notifies families of their right to remain in their school of choice pending resolution of the dispute and (c) explains the procedures for challenging the decision of the LEA.

Level 2 – A complaint may be filed with a McKinney-Vento coordinator.

If the parent, guardian or unaccompanied youth is dissatisfied with the LEA’s disposition of a dispute or would like to raise any issue of McKinney-Vento Act noncompliance, they may file a complaint or appeal with a McKinney-Vento site or regional coordinator or with the state coordinator. (See attached list which contains contact information for all of the McKinney-Vento coordinators in Pennsylvania). In lieu of filing an appeal with a McKinney-Vento coordinator, a parent, guardian or unaccompanied youth may elect to appeal the LEA decision directly to a court of competent jurisdiction. Participation in the appeal procedure is not required prior to taking legal action.

A regional or site coordinator with whom a complaint or appeal is filed must notify the state coordinator immediately. Upon being notified, the state coordinator will review the complaint or appeal and assign it to a site or regional coordinator for disposition. The coordinator to whom the appeal is assigned may contact, interview and accept documentation from any individual or LEA involved, and shall issue a written disposition within 20 business days after the complaint or appeal has been assigned. The disposition shall be provided to the LEA and the parent, guardian or unaccompanied youth involved. The child or youth shall continue to be enrolled in the school in which he or she is seeking enrollment until the complaint or appeal is resolved or until a disposition from a McKinney-Vento coordinator is received.

The state coordinator may assist in the mediation of disputes directly and may also invite those involved to have the dispute mediated at any time in the process through the Dispute Resolution Program operated by the Commonwealth Office of General Counsel (OGC). The [OGC Dispute Resolution Program](#) is a voluntary informal process through which a trained mediator assists in reaching a mutually acceptable resolution.

Participating in mediation is not a waiver of the right to file a lawsuit nor is participation in mediation required prior to taking legal action.

NOTE: The parent, guardian or unaccompanied youth may file a complaint with the McKinney-Vento site, regional or state coordinator on the attached complaint form. However, the use of the attached form is not mandatory. Any dispute raised by a homeless family or youth concerning school enrollment or any other right under the McKinney-Vento Act whether received via telephone, letter or any mode of communication shall be treated as a complaint.
