Section: Narratives - Assessing Impacts and Needs

SCHOOLS DESIGNATED A-TSI ARP ESSER APPLICATION

The Pennsylvania Department of Education (PDE) recognizes the extraordinary efforts made by Local Education Agencies (LEAs), schools, and educators to support students during the COVID-19 pandemic. The application below requests information from designated A-TSI Schools within the LEA about: (1) Needs and impacts resulting from the pandemic, (2) Stakeholder engagement in the development of local plans to respond to these needs and impacts, (3) Specific elements in the designated A-TSI School Plan for the Use of ARP ESSER Funds; and (4) Plans for monitoring and measuring progress. As submitted and accepted by PDE in final form, this application shall become part of the Grant Agreement for ARP ESSER funds as Appendix B. As used in this application, "the LEA" refers to the Grantee defined in the Grant Agreement, which will be applying for the funds on behalf of the A-TSI designated School within the LEA.

Like Comprehensive Support and Improvement (CSI) schools, Additional Targeted Support and Improvement (A-TSI) schools are designated every three years, when one or more student groups in a school perform below the CSI thresholds for academic proficiency, academic growth, and at least one additional indicator. Also consistent with CSI determinations, any school in which the combined four- and five-year adjusted cohort graduation rate for one or more student groups is 67 percent or below will be designated for A-TSI.

ARP ESSER includes a significant focus on vulnerable student populations. Given these requirements, as well as PDE's own equity commitments, the designated A-TSI School application includes specific fields requesting information on programs to serve student groups that have experienced disproportionate impacts from the pandemic. Student groups are inclusive of the following:

- Students from low-income families;
- Students from each racial or ethnic group (e.g., identifying disparities and focusing on underserved student groups by race or ethnicity);
- Gender (e.g., identifying disparities and focusing on underserved student groups by gender);
- English learners;
- Children with disabilities (including infants, toddlers, children, and youth with disabilities eligible under the Individuals with Disabilities Education Act [IDEA]);
- Students experiencing homelessness;
- Children and youth in foster care;
- Migrant students; and
- Other groups disproportionately impacted by the pandemic that have been identified by the A-TSI designated School (e.g., youth involved in the criminal justice system, students who have missed the most in-person instruction during the 2019-2020 and 2020-2021 school years, students who did not consistently participate in remote instruction when offered during school building closures, and LGBTQ+ students).

Section I: Assessing Impacts and Needs

In this first section, A-TSI designated Schools are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the A-TSI designated School's promising practices in supporting student needs since March 2020.

Indicators of Impact

1. Understanding the Impact of the COVID-19 Pandemic: Describe how the A-TSI designated School has identified or will identify the extent of the impact of the COVID-19 pandemic on student learning and well-being. Specifically, what methods (i.e., collecting and analyzing data and information from focus groups, surveys, and local assessment results) were used or will be used to identify and measure impacts in four key areas: (1) Academic impact of lost instructional time, (2) Chronic absenteeism, (3) Student engagement, and (4) Social-emotional well-being?

2. Identify the **student** groups in the A-TSI designated School that faced particularly significant impacts from the pandemic. Note that the student group(s) for which the school was designated A-TSI should be included in this listing. For each student group, provide specific strategies that were used or will be used to identify and measure impacts. This table can be completed for each A-TSI designated School included in this application.
