Right to Education Local Task Force

(LTF5)

Our Mission

Local Task Force 5 is committed to empowering families, individuals, school systems and local agencies to better support students with disabilities through meaningful collaboration and shared resources.

We are looking to grow the attendance at our meetings! These meetings are a place for families, agencies, and school systems to network and share information and resources. We want to improve and strengthen services and address concerns brought to the table. Together, we want to ensure that every child with a disability receives a free appropriate public education in the least restrictive environment.

Local Task Force meetings are open to the public and held online and in person. Anyone who wishes to attend is welcome.
